The Sixth Annual

Northern California Tumor Board at Silverado

A Multidisciplinary Approach to Cancer Treatment

March 12-14, 2004

2004 Tumor Boards and Panels

Breast • Gastrointestinal • Genitourinary • Hematologic Malignancies
Lymphoma • Thoracic • Clinical Cancer Genetics • Supportive & Palliative Care

Silverado Resort and Spa • Napa, California
Dear Colleagues,

It is a pleasure to invite you to the sixth Northern California Tumor Board at Silverado. This is a unique CME meeting in its emphasis on case-oriented tumor boards. We have received highly enthusiastic feedback about our first five programs at Silverado, and look forward to seeing you in March 2004.

I urge you to take advantage of the opportunity to present real cases from your practice, using the enclosed Case Submission Form. The organizing committee will select cases submitted by November 21, 2003 for presentation of your cases at the tumor board.

Space is limited, so if you would like to attend this educational symposium, please register at your earliest convenience. We look forward to your participation in this exciting educational effort.

Sincerely,

Branimir I. (Brandy) Sikic, MD
Professor of Medicine, Oncology Division
Director, General Clinical Research Center
Stanford University School of Medicine

George Fisher, Stanford
Daniel Hoth, Biotech, Pharma
Quynh-Thu Le, Stanford
Jeffrey Norton, Stanford
Joseph Presti, Stanford
Sidney Scudder, UC Davis
Roger Shiffman, ANCO
Eric Small, UCSF
Margaret Tempero, UCSF
Alan Venook, UCSF
Laurie Weisberg, UCSF, Kaiser Permanente

Meeting Location
Silverado Resort and Spa
1600 Atlas Peak Road
Napa, California  94558
(707) 257-0200

Napa is located approximately 50 minutes northeast of San Francisco.
Program Description

This symposium will present the most current information on multidisciplinary approaches in clinical oncology, and will consist of tumor boards on breast, gastrointestinal, genitourinary, hematologic malignancies, lymphoma, thoracic cancers and panels on supportive & palliative care, and clinical cancer genetics. Each tumor board will consist of case presentations by registrants and faculty, with discussion by a panel of surgical, radiation, and medical oncologists from Stanford, UCSF and UC Davis.

Audience

This course will be of interest to medical, surgical, and radiation oncologists. There are no prerequisites for this program.

Program Objectives

At the end of this program, the attendees should be able to:

1. Summarize the current information on the clinical management of various cancers.
2. Describe new therapies involved in cancer clinical trials.

Program Agenda

Guest arrival and hotel registration begins at 4:00 PM on Thursday, March 11, 2004. The conference registration desk will be open from 4:00 to 7:00 PM on Thursday, and beginning at 7:30 AM each day of the conference.

The format of the meeting is case-oriented tumor boards. We will use an interactive group response system with an electronic keypad for each participant during the tumor boards. We encourage you to submit and present cases for discussion (see enclosed Case Submission Form). An information session addressing palliative care is scheduled for Friday afternoon.

Participants and guests are invited to a wine and cheese reception onsite at Silverado Friday evening from 5:00 to 7:00. Saturday afternoon and evening are open for individual plans for leisure activities. Dinners on Friday and Saturday are not included and registrants are encouraged to make advance reservations at the wonderful restaurants of the Napa Valley.

Accreditation and CME Credits

The Stanford University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to sponsor continuing medical education for physicians.

The Stanford University School of Medicine designates this educational activity for up to 14 hours in category 1 credit towards the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

CALL FOR CASE SUBMISSIONS

Registrants are encouraged to submit a case or cases for presentation to the tumor boards (see enclosed form, submission deadline November 21, 2003). The organizing committee and panel chairs will select cases. Registrants whose cases are selected for discussion will be asked to present the case at the tumor board with slides which will be prepared by the organizers.
Thursday, March 11th

4:00 – 7:00  Registration
4:00 – Early Arrival and Leisure Time

Friday, March 12th

7:30 – 8:30  Continental Breakfast
8:30 – 10:15  Genitourinary Tumor Board

ERIC SMALL, MD - CHAIR
Professor of Medicine and Urology, UCSF

PETER CARROLL, MD
Professor of Medicine, UCSF

RALPH DE VERE WHITE, MD
Professor of Urology, UC Davis

STEVEN L. HANCOCK, MD
Professor of Radiation Oncology, Stanford

CHRISTOPHER R. KING, MD
Assistant Professor of Radiation Oncology, Stanford

PRIMO N. LARA, JR, MD
Assistant Professor of Medicine, UC Davis

BRIAN RINI, MD
Assistant Professor of Medicine, UCSF

MACK ROACH III, MD
Professor of Medicine, UC Davis

SANDY SRINIVAS, MD
Assistant Professor of Medicine, Stanford

JOSEPH PRESTI, JR, MD
Assistant Professor of Urology, Stanford

10:45 – 12:30  Thoracic Tumor Board

DAVID GANDARA, MD - CHAIR
Professor of Medicine, UC Davis

KENT ADLER, MD
Clinical Assistant Professor, Stanford & San Mateo

ZELANNA GOLDBERG, MD
Assistant Professor of Radiation Oncology, UC Davis

DAVID JABLONS, MD
Associate Professor of Surgery, UC Davis

THIERRY JAHAN, MD
Assistant Clinical Professor of Medicine, UCSF

DERICK LAU, MD, PhD
Associate Professor of Hematology & Oncology, UC Davis

QUYNH-THU LE, MD
Associate Professor of Radiation Oncology, Stanford

HEATHER WAKELEE, MD
Clinical Instructor of Medicine, Stanford

RICHARD WHYTE, MD
Professor of Cardiothoracic Surgery, Stanford

Still my favorite conference!
— Ronald Scott, MD, PhD
San Diego, California
12:30–1:30  Lunch Buffet

1:30–3:00  Clinical Cancer Genetics Panel

James M. Ford, MD – Chair
Assistant Professor of Medicine and of Genetics, Stanford

Helen Chew, MD
Assistant Professor of Medicine, UC Davis

Nicolette Chun, MS
Genetics Counselor, Stanford

Beth Crawford, MS
Genetics Counselor, UCSF

Fred M. Dirbas, MD
Assistant Professor of Surgery, Stanford

Dee West, PhD
Chief Scientific Officer, Northern California Cancer Center

3:30–5:00  Supportive and Palliative Care

John Hausdorff, MD – Chair
Hematologist/Oncologist, Monterey, CA

Frederick J. Meyers, MD
Professor of Medicine and Pathology, UC Davis

Steven Pantilat, MD
Assistant Clinical Professor of Medicine, UCSF

Frederic Van Rheenen, MD
Clinical Professor of Psychiatry, Stanford

5:00–7:00  Wine and Cheese Reception

Saturday, March 13th

7:30–8:30  Continental Breakfast

8:30–10:30  Gastrointestinal Tumor Board

George A. Fisher, MD, PhD – Chair
Assistant Professor of Medicine, Stanford

Albert Koong, MD
Assistant Professor of Radiation Oncology, Stanford

Jeffrey Norton, MD
Professor of Surgery, Stanford

Joseph Poen, MD
Radiation Oncologist, Greenbrae, CA

Andrew Shelton, MD
Assistant Professor of Surgery, Stanford

Margaret Tempero, MD
Professor of Medicine, UCSF

Alan Venook, MD
Professor, Clinical Medicine, UCSF

Robert Warren, MD
Professor of Surgery, UCSF

Great mix of community and academic oncologists

— Thomas Bradley, MD, PhD
Monterey, California
11:00–1:00  Breast Tumor Board

FRANK STOCKDALE, MD, PhD - CHAIR
Professor of Medicine, Stanford

ROBERT W. CARLSON, MD
Professor of Medicine, Stanford

HELEN CHEW, MD
Assistant Professor of Medicine, UC Davis

FRED M. DIRBAS, MD
Assistant Professor of Surgery, Stanford

DON GOFFINET, MD
Professor of Radiation Oncology, Stanford

LAWRENCE MARGOLIS, MD
Clinical Professor of Radiation Oncology, UCSF

HOPE RUGO, MD
Associate Clinical Professor of Medicine, UCSF

IRENE L. WAPNIR, MD
Associate Professor of Surgery, Stanford

1:00 –  Saturday afternoon and evening are free for individual plans.

Sunday, March 14th

7:30–8:30  Continental Breakfast

8:30–10:15 Hematologic Malignancies Tumor Board

STANLEY L. SCHRIER, MD - CHAIR
Professor of Medicine Emeritus, Stanford

STEVEN COUTRE, MD
Assistant Professor of Medicine, Stanford

ROBERT S. NEGRIN, MD
Associate Professor of Medicine, Stanford

LAURIE WEISBERG, MD
Clinical Professor of Medicine, UCSF, and Kaiser, So. San Francisco

THEODORE WUN, MD
Assistant Professor of Medicine, UC Davis

10:45–12:30 Lymphoma Tumor Board

SANDRA J. HORNING, MD - CHAIR
Professor of Medicine, Stanford

RANJANA ADVANI, MD
Assistant Professor of Medicine, Stanford

MICHAEL ALEXANDER, MD
Clin. Assoc. Professor of Medicine, Stanford and Santa Cruz

LLOYD DAMON, MD
Professor of Medicine, UCSF

RICHARD HOPPE, MD
Professor of Radiation Oncology, Stanford

RONALD LEVY, MD
Professor of Medicine, Stanford

SAUL A. ROSENBERG, MD
Professor of Medicine Emeritus, Stanford

THEODORE WUN, MD
Assistant Professor of Medicine, UC Davis

12:30  Adjourn

Once again excellent. All the presentations were relevant to my own practice.

— Edwin Eubanks, MD
Petaluma, California
Registration

The registration fee for the conference is $300, and includes meeting materials, daily continental breakfast, Friday lunch buffet and a Friday evening wine and cheese reception. After January 31st, the registration fee will increase to $350.

A REGISTRATION FORM is included in this brochure. Please mail your completed form and payment to the address listed on the form. Make checks payable to Stanford University School of Medicine. Registration may also be completed by fax with appropriate credit card information.

Cancellation Policy

All cancellations must be made in writing and sent to Beverly Kelley, Stanford University School of Medicine, Oncology Division, 269 Campus Drive, CCSR-1105, Stanford, CA 94305-5151. The registration fee less a $50 cancellation fee will be refunded to the registrant.

Cancellations made after February 28, 2004 cannot be refunded.

Accommodations

A block of rooms has been reserved at a reduced rate at Silverado Country Club & Resort. One-bedroom suites are available at the rate of $215 plus tax per night (single or double occupancy). A limited number of Junior Suites are available at $195 plus tax per night, and Standard Rooms at $165 plus tax per night. Early reservations are highly recommended.

Using the enclosed ROOM RESERVATION REQUEST FORM, room reservations should be made directly with Silverado Country Club & Resort as early as possible. The ‘Northern California Tumor Board’ room block will be held until February 10, 2004. After this date all unreserved rooms in the block will be released and reservations will be accepted on a space available basis at the regular resort rates.

Wine and Cheese Reception

Participants and guests are invited to attend a wine and cheese reception onsite at Silverado Resort on Friday evening from 5:00 to 7:00.

Dining

Dinners on Friday and Saturday are not included and registrants are encouraged to make advance reservations at the wonderful restaurants of the Napa Valley. Napa Chamber of Commerce: www.napachamber.org

Leisure Activities

Saturday afternoon and evening are open for individual plans for leisure activities. Visitor information is available on the following two websites:

   Napa Chamber of Commerce: www.napachamber.org
   Silverado Resort: www.silveradoresort.com

Golf at Silverado

The confirmed 2004 golf rate is $135 per person for 18-holes of golf, which includes the cart. Golf reservations should be made directly with Silverado at (800) 362-4727. Advance reservations must be made to ensure that you can play during your stay, particularly on Saturday and Sunday, the two busiest days for golf. Please call well in advance!

The Silverado Spa

Enjoy the spa at Silverado, the largest private spa facility in the California wine country! Rate inquiries and reservations should be made directly with the Silverado Spa Coordinator at (888) 918-4772. Advance reservations are strongly recommended as the spa is very popular.

Other Recreation

Recreation at Silverado includes bicycle rental and tours, jogging trails, swimming, golf and tennis. The Silverado concierge staff can help you plan private winery tours, hot air balloon rides, horseback riding and other Napa Valley attractions. Concierge services are available from 8:00 am to 8:00 pm daily.

Sample of Completed Case Submission Form

**Case Information:**

1. Age of Patient at Diagnosis: .......... 36 y. o. --- Premenopausal
2. Gender: ___ MALE ☑ FEMALE
3. Diagnosis / Anatomic ..................... Breast cancer
4. Stage: ........................................ Stage IIA (T2N1M0)
5. Biopsy sites / Histopathology: ........ Infiltrating ductal carcinoma, grade III
6. Relevant Staging and work up or follow-up procedures performed: (see narrative history below)
7. Significant past medical history: ........ Excellent health
8. Critical Event Chronology:
   • Major treatments and diagnostic procedures and dates: (see narrative history below)
   • Recurrence, sites, and relative or approximate dates: (see narrative history below)
   • Major complications: ....................... (see narrative history below)
   • Other relevant clinical information and relative or approximate dates (see narrative history below)
9. List the key question(s) you would like the tumor board to discuss for this case:
   1) What is the most appropriate procedure for diagnosis?
   2) What systemic and local therapy is indicated?
10. Are Path slides available? ✓ Yes ___ No Do you feel they should be presented? ___ Yes ✓ No
11. Are X-rays/scans available? ✓ Yes ___ No Do you feel they should be presented? ✓ Yes ___ No

**Narrative History:**

A 36-year-old premenopausal woman who has a mother who had breast cancer at age 45 and a maternal grandmother who had breast cancer presents with the following history:

Aug. 2001: Lumpectomy in the upper outer quadrant of the right breast and axillary dissection.
   • Stage IIB (T2N1M0) infiltrating ductal carcinoma of high grade.
   • ER 90% PR 10% and HER2neu negative.
   • 2/18 nodes were involved.

Nov. 2001: Started on Tamoxifen.

Sept 2002: PET scan - focally increased metabolic activity in the right breast, right axilla, pericardial nodes, and right apex of the lung.

Oct. 2002: She is asymptomatic and has noted no changes in the right breast.

Physical exam —
   • left breast is normal.
   • right breast: rounded, smooth mass of 1-2 cm, thought to be biopsy scar and in the opposite quadrant from the PET + site.
   • no cervical, supraclavicular; infraclavicular nodes or axillary nodes.

Oct. 2002: MR of the right breast
   • 13 x 12 mm solitary lesion in the upper right breast that demonstrates rapid enhancement located 12 mm medial to the surgical bed. No nodes are seen in the axilla or supraclavicular areas.
   • Mammogram
     – only post-surgical change.
   • Ultrasound right breast – 13 x 9 mm mass at 12 o’clock; suspicious for carcinoma.
NORTHERN CALIFORNIA TUMOR BOARD AT SILVERADO

CASE SUBMISSION FORM

DEADLINE FOR RECEIPT OF CASE SUBMISSIONS IS NOVEMBER 21, 2003

Please note that the organizing faculty/staff will be available to prepare slides for presentations. Electronic submissions are highly encouraged to facilitate review and preparation into the Comtec Consensor Group keypad response system. For an electronic version of this form please e-mail Beverly Kelley at beverlyk@stanford.edu

Which tumor board are you submitting this case for?

If you are submitting more than one case, please complete a separate form for each case.

☐ Breast  ☐ Gastrointestinal  ☐ Hematologic Malignancies  ☐ Supportive/Palliative Care
☐ Clinical Cancer Genetics  ☐ Genitourinary  ☐ Lymphoma  ☐ Thoracic
