Clinician Educator (CE) - Internal Stanford funding opportunity in Maternal Child Health

Stanford Child Health Research Institute (CHRI)
Clinician Educator (CE) Grants Program

The Clinician Educator (CE) Grants Program is here to encourage, develop, and support CE’s to pursue clinical research studies that promote their ability to achieve external funding. Applications may include involvement of other Allied Health Professionals.

The program seeks innovative, well-developed proposals that pursue clinical research relevant to their clinical practice related to maternal child health research.

**Amount of funding:** up to $35,000 for one year

**Complete application and guidelines** [here](#).

**Timeline:**
Deadline: **October 1, 2018, 5:00 pm**
Awards will be announced in December 2018.
Earliest award start date is January 1, 2019. The performance period is 12 months.

*Submit your proposals to the [ONLINE APPLICATION PORTAL](#), per the application instructions. Please refer to the “[How to Apply for a CHRI Grant](#)” guide for application submission questions.

Please note that the budget, budget justification and/or proposal application should not be submitted to your RPM as these applications will be reviewed and processed by CHRI Administration. If you need assistance with your budget, please contact your business manager, financial analyst, or department accountant.
