Dr. Jose G. Montoya, Professor of Medicine at Stanford, is conducting a study evaluating hormones in patients with Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS) and healthy controls.

He is looking for **individuals with ME/CFS** to participate.

Participants must be **female** and **18-45 years old**.

Participation in the study involves (1) **an online questionnaire** and (2) **two study visits at Stanford with blood draws and endocrine testing**.

There is no cost to participate in the study.

Participants will be compensated **$200** for completion of the study.

If you are interested in participating or have any questions, please contact the study coordinator at (650) 723-8126 or tlieb@stanford.edu.

For general information about participant rights, contact 1-866-680-2906.
