New University Long Form – Launch Delayed - TBD
Regarding Professoriate Search Initiation Requests
Reminder: Regarding File Submission Deadlines for CEs
Reminder: New Checklists – Clinician Educator, All Actions
Request for Department materials

New University Long Form – Launch Delayed - TBD

The anticipated start date for the transition to the new long form for all departments in the School of Medicine has been delayed. We would like to roll out the new long form with a system that will support the file assembly and review process, which is currently being customized for our use. Please look for updates regarding system availability and training soon.

Questions and comments should be directed to Claudia Morgan.

Regarding Professoriate Search Initiation Requests

All Professoriate Search Initiation Requests should now be sent to Ashley Klein. Please also cc Lisa Joo, Rebecca Robinson, and Audrey Yau on these emails.

Reminder: Regarding File Submission Deadlines for CEs

This is a friendly reminder that files submitted for OAA review for the CE line (including appointments, reappointments, promotions, extensions, and FTE changes) need to be submitted at least 45 days in advance of the requested start date. In summer months (May-September), files must be submitted at least 60 days in advance of the requested start date. This information can also be found on the Clinician Educator home page. Files submitted after this deadline will not be guaranteed the requested start date. Due to the increasing volume of late submissions and exceptions requested, OAA has been forced to strictly follow the above guidelines for submission. Please adhere to the 45 or 60 day deadline.

Questions and comments should be directed to Jessica Salas-Mendonca and Ashley Klein.
Reminder: New Checklists: Clinician Educators, All Actions

As part of our process improvement efforts, we have created checklists for all actions for Clinician Educators. **If any item on the checklist is not included, please include an explanation in the submission email.**

Example: If the check boxes for Faculty Compensation are not checked off, please explain why. Have the financials not been sent? Are they not required?

The checklists are available on the Clinician Educator home page. We welcome your comments and feedback on these new items.

Please submit these checklists as part of all Clinician Educator actions effective immediately.

Questions should be directed to Rebecca Robinson, Jessica Salas-Mendonca, or Ashley Klein.

Request for Department materials

If you have any materials that you use to help you in streamlining your workflow, processing faculty affairs materials, tracking faculty actions, submitting requests, and completing files, we invite you to share these with the Office of Academic Affairs. We would like to use them as models to develop useful resources for the entire school. Please share anything that you have that applies to any population that OAA handles, including the Professoriate, CE’s, Instructors, Visiting Scholars and Visiting Faculty, Adjunct Faculty, and the ACF.

Questions and comments should be directed to Audrey Yau and Rebecca Robinson.
MEDICAL CENTER PROFESSORIATE
APPOINTMENTS, REAPPOINTMENTS, AND PROMOTIONS
APPROVED BY THE PRESIDENT
September 2016

APPOINTMENTS FOR A CONTINUING TERM:
Lambert, Scott Professor of Ophthalmology at the Stanford University Medical Center, effective October 1, 2016
