

# Breast Cancer Awareness Training Seminar

Tuesday, October 15<sup>th</sup>

TWO Sessions Offered:  
11:30am – 12:30pm and 1:30pm – 2:30pm

*Open the camera on your phone and scan the QR code for the session you'd like to sign up for. Please choose one only.*

*Hosted by the Stanford Cancer Institute, in collaboration with the Technology Enabled Clinical Improvement (T.E.C.I.) Center at Stanford Medicine*

Discovery Hall | 455 Broadway, Brazil Room, 1st floor | Redwood City, CA 94063

Please join us for an interactive breast cancer awareness training seminar! The goal of this seminar is to empower you to be an informed advocate when it comes to your breast health.

*The seminar will feature a hands-on and technology-driven breast self-exam training created by Dr. Carla Pugh, Professor of Surgery and Director of the Technology Enabled Clinical Improvement (T.E.C.I.) Center.*
