

# CANCER BIOLOGY SEMINAR SERIES 2019-20

**MONDAY, September 23, 2019**

**Xin Lu, Ph.D.**

Oxford University

**“Cellular Plasticity and Upper GI Cancers”**

**October 15, 2019**

**Hannah Carter, Ph.D.**

University of California, San Diego

**“MHC Genotype Shapes the Oncogenic Mutational Landscape”**

**October 22, 2019**

**Howard Chang, M.D., Ph.D.**

Stanford University

**“Personal Regulome Navigation of Cancer”**

**November 5, 2019**

**Karen Cichowski, Ph.D.**

Harvard University

**“Developing Therapies for Ras Driven Cancers”**

**December 10, 2019**

**Laura Fejerman, Ph.D.**

University of California, San Francisco

**“Subtype-Specific Breast Cancer Risk in Highly Indigenous Latin American Women”**

**January 14, 2020**

**Aimee Edinger, VMD, Ph.D.**

University of California, Irvine

**“Starving Cancer Cells to Death by Limiting their Access to Nutrients”**

**January 21, 2020**

**Christine Mayr, Ph.D.**

Memorial Sloan Kettering

**“Regulation of Protein Functions by 3' UTRs”**

**February 11, 2020**

**David Bilder, Ph.D.**

University of California, Berkeley

**“Cold-Blooded Cancer”**

**February 25, 2020**

**Kristian Helin, Ph.D.**

Memorial Sloan Kettering

**“Epigenetics, Transcription, and Cancer”**

**March 10, 2020**

**Agata Smogorzewska, M.D., Ph.D.**

Rockefeller University

**“Mechanism of DNA Repair during Replication”**

**March 24, 2020**

**Mario Suva, M.D., Ph.D.**

MGH/Harvard

**“An Integrative Model of Single-Cell States and Genetics for Glioblastoma”**

**April 14, 2020**

**Owen Witte, M.D.**

University of California, Los Angeles

**“Convergent Evolution to a Stem Cell Phenotype in Epithelial Cancers”**

**May 5, 2020**

**Sumin Kang, Ph.D.**

Emory University

**“Targeting Cancer Signaling Nodes to Overcome Chemotherapy Resistance”**

**May 26, 2020**

**Sylvia Plevritis, Ph.D.**

Stanford University

**“Reconstructing the Tumor Microenvironment Through Multi-Omic Analysis”**

**TUESDAY, 12:00 P.M.**

**MUNZER AUDITORIUM, BECKMAN CENTER**

For further information, please contact Grace Batoon (650) 723-6198, [gracebatoon@stanford.edu](mailto:gracebatoon@stanford.edu)

Sponsored by the Stanford Cancer Institute and Beckman Center  
Organized by Monte Winslow, Ron Shanderson, and the Cancer Biology Students
