Personal Statement

Please attach one page personal statement explaining why you want to do a fellowship in Academic General Pediatrics and/or Primary Care. Please include a description of your career goals, how the fellowship may assist you in achieving them and how you envision your career five years after completion of this fellowship.

Attestation

I certify that the information contained in this application is complete and accurate to the best of my knowledge. I understand that any false or missing information may disqualify me from consideration for a position; or if employed, may constitute cause for termination from the program. I also understand and agree that the data included in this application may be shared within the fellowship programs to which I am applying.

☐ Agree

Checklist for Submission

☐ This completed application form (including personal statement) emailed directly to the Fellowship Program Director at the email address listed in appendix 1

☐ An updated CV emailed directly to the Fellowship Program Director at the email address listed in the appendix below.

☐ Three Letters of Recommendation to be sent directly by letter writer to the Program Director. If a current resident, one letter must be from your current Program Director.
