Lucas Center Service Center Policy

**Use of needles in Lucas magnet suites**

To ensure there are no injuries to anyone including the custodial service responsible for picking up our waste and garbage from the Lucas magnet suites, please adhere to these policies at all times:

**3T2, 3T3 and 7T**

1. Please do **NOT** at any time, take needles from the storage shelves in the patient preparation room of the magnet suite. 
   If you need a needle, please contact Kevin Epperson or Karla Epperson **FIRST** to obtain approval to do so.

2. Please do **NOT** at any time bring needles into 3T2, 3T3 or 7T magnet suite from an outside source including Stanford Hospital & Clinics or Lucile Packard Children’s Hospital. 
   If you need to bring a needle into one of these suites, please contact Kevin Epperson or Karla Epperson **FIRST** to obtain approval to do so.

3. If you need to take a needle or needles into the magnet room, please contact Kevin Epperson or Karla Epperson **FIRST** to obtain approval to do so.

4. If you have been approved to use needles in the patient prep room of the magnet suite, it is **REQUIRED** that they are disposed of in the Sharps container provided.

**3T1 PET-MR**

1. Please do **NOT** at any time, take needles from the storage shelves in the patient preparation room of the magnet suite. 
   If you need a needle, please contact Dawn Holley **FIRST** to obtain approval to do so.

2. Please do **NOT** at any time bring needles into the 3T1 PET-MR magnet suite from an outside source including Stanford Hospital & Clinics or Lucile Packard Children’s Hospital. 
   If you need to bring a needle into one of these suites, please contact Dawn Holley **FIRST** to obtain approval to do so.

3. If you need to take a needle or needles into the 3T1 PET-MR magnet room, please contact Dawn Holley **FIRST** to obtain approval to do so.

4. If you have been approved to use needles in the patient prep room, it is **REQUIRED** that they are disposed of in the Sharps container provided.
