### ABOUT CRAIG

If you have never seen Craig Shoemaker perform, you're in for a real treat. A native of Philadelphia, Shoemaker, aka "The Love Master", now lives in Los Angeles, but holds a busy travel schedule performing sold out shows across the country, as well as a "day job" as a writer on the Netflix series, "Fuller House."

### KENDALL'S STORY

Kendall suffered a stroke in 2014, the result of a ruptured Arteriovenous Malformation (AVM). While many doctors suggested Kendall just go home and live her life, Dr. Chang viewed Kendall's case more optimistically and set out to rid her of her AVM. Kendall's AVM is now 90% gone. While she continues her journey, Kendall wants to help others with the same condition while helping Dr. Chang make advancements in his AVM research.
