

Join us

You are invited to visit two of Stanford's cutting-edge research laboratories. You'll meet some of our leading brain tumor scientists working at the forefront of biomedicine—exploring how genes impact cancer evolution; discovering novel scientific technologies to treat the most complex and difficult brain tumors; and engineering human immune cells to target cancer.

THURSDAY | MARCH 8

4:00 p.m. | Check in and welcome

4:30 p.m. | Lab Tours

5:30 p.m. | Refreshments and networking

6:00 p.m. | Event concludes

The Lorry I. Lokey Stem Cell Research Building

Room G1002 | 265 Campus Drive | Stanford

Kindly respond by March 1 to Madalina Muresan at 650.725.8876 or madalina.muresan@stanford.edu.

FEATURED FACULTY

Melanie Hayden Gephart, MD

Assistant Professor of Neurosurgery

Gordon Li, MD

Associate Professor of Neurosurgery
