Tenure Line Associate Professor or Full Professor  
GI Oncology Investigator  
Department of Medicine, Division of Oncology

The Division of Oncology, Department of Medicine, and the Stanford Cancer Institute, at Stanford University seek a gastrointestinal (GI) cancer physician investigator. The faculty position is at the level of Associate Professor or full Professor in the University Tenure Line (UTL). The successful candidate should be an accomplished laboratory or translational investigator. Faculty rank and line will be determined by the qualifications and experience of the successful candidate.

The predominant criterion for appointment in the University Tenure Line is a major commitment to research and teaching.

The successful candidate will be expected to build an academic research program, teach fellows, and participate in the GI oncology clinics of the Clinical Cancer Center. Candidates should have an MD or MD/PhD and be board certified or board eligible in Oncology or Hematology/Oncology, or related specialties. The Division of Oncology benefits from an outstanding scientific and clinical environment at Stanford, including active collaborations with the basic science departments and the Stanford Institutes, including the Stem Cell Institute, the Immunity, Transplantation, and Infection Institute, and the Cancer Institute.

Candidates should submit a detailed letter of interest and curriculum vitae to:

Margaret Wootton
