

Spiritual Care Services: Palliative Medicine Clinic

What is a spiritual care provider?

A spiritual care provider assists patients, family members, friends, and staff in coping and finding comfort, providing spiritual and emotional support

What are some of the services Spiritual Care provides?

We provide spiritual support for people of all backgrounds. When you visit the Palliative Medicine outpatient clinic as a patient, friend or family member, you can receive any of the following services:

- A calm listening presence
- Connection to your faith tradition
- Open hearted conversation about hope, gratitude, fear, connection and meaning
- Prayers and blessings
- Reading sacred texts
- Meditation and breathing exercises
- Connection to your faith tradition
- Support during or after a patient or family conference with your medical team
- Spiritual grief and bereavement support
