

## Clinical Science Research Award

Each year the Department will recognize one of its faculty in an area of clinical research for her/his scientific achievement in the past year. Typically, this achievement will be a peer-reviewed publication that has had widespread reach, national or international recognition for research, or other scholarly products that have had impact on advancing clinical or public health.

### Eligibility criteria:

- All members (including “teams”) of the Department (UTL, MCL, NTL, CE) are eligible for consideration.

### Who can nominate:

- Any faculty, staff, student, resident, fellow or postdoctoral scholar working in the Department of Pediatrics may nominate an eligible faculty member.

### Nomination process:

- Nominations must be submitted through the online survey, which will be forwarded to the Award Selection Committee.
- Nominations should total half a page in length, and must include:
  - Name of the nominee
  - Name of the achievement, which must have occurred between **April 1, 2019 to March 31, 2020** (1 paragraph)
  - Description of the significance of the achievement to the advancement of clinical or public health. (1 paragraph)
