

Early Career Clinical Excellence Award

Each year the Department will recognize one of its faculty for early career clinical excellence, which is defined as within five years after the end of training.

Criteria used to determine clinical excellence are broad, and examples include, but are not limited to: clinical excellence, clinical leadership in quality, safety, PI program development, leadership in innovative clinical program development and implementation or development of new approaches to clinical care.

Eligibility criteria:

- Any member of the Department of Pediatrics faculty within five years of the end of training (UTL, MCL, NTLR, NTLT and CE) may be nominated.

Who can nominate:

- Any faculty, staff, student, resident, fellow or postdoctoral scholar working in the Department of Pediatrics may nominate an eligible faculty member.

Nomination process:

- Nominations must be submitted through the online survey, which will be forwarded to the Award Selection Committee.
- Nominations should total half a page in length, and must include:
 - Name of the nominee
 - Rationale for why the individual deserves the honor (1-2 paragraphs)
