Department of Pediatrics Clinical Excellence Awards 2015

Each year the Department will recognize faculty for clinical excellence:

1) **Early Career Clinical Excellence** (“Early” defined as within 5 years after end of training)
   Criteria are broad and examples include, but are not limited to, clinical excellence, clinical leadership in quality, safety, PI program development, leadership in innovative clinical program development and implementation or development of new approaches to clinical care.

2) **Clinical Excellence** (mid and senior career)
   Criteria: Leadership in clinical improvements above and beyond current role and responsibilities. Examples include, but are not limited to, clinical excellence, leadership of clinical effectiveness initiatives and projects (identifying best/leading practice, developing and implementing a target initiative in the context of PQMS—safe, family-centered, high value (improving quality, service and affordability), innovative and implementation or development of new approaches to clinical care.

Nominators are asked to provide the following information in a 1/2 page memo and send to Christy Sandborg Sandborg@stanford.edu:

a) Name of the nominee
b) Name the achievement made in the time period corresponding to April of previous year through March of current year.
c) Describe the significance of the achievement to the advancement of clinical excellence.
