

Stanford Pediatric Residency Coaching Program
Observations by Resident Year

Intern observations: (8 observations* + 1 ILP meeting)

Theme: clinical reasoning, hypothesis-driven H&P, communication skills

- 1 Handoff as Giver** (please do in first 2 months: Blue, Red, Green, Yellow, PICU AM)
- 2-4 Clinic Observations** (H&P and at least 1 documentation)
- 3-5 Inpatient Observations** (Presenting a patient and at least 1 documentation)
- 1 ILP Review Meeting** in July

Junior observations: (5 observations* + 1 ILP meeting)

Theme: patient and family-centered communication, increasing independence

- 1 Clinic Observation** (H&P and documentation)
- 1 Inpatient Observation** (Presenting a patient and documentation)
- 3 Clinic or Inpatient Observations:** based on residents' self-identified needs and CCC-identified needs** (Can substitute 1 observation with a Flexible meeting if desired. Flexible meeting includes planning for senior roles and shifting thinking to the 30,000 foot view)
- 1 ILP Review Meeting** in July

Senior observations: (5 observations* + 1 ILP meetings)

Theme: supervising/teaching/precepting and leadership

- 2 Precepting on Rounds** (Red, Green, Blue)
- 3 Clinic or Inpatient Observations** based on residents' self-identified needs and CCC-identified needs** (Can substitute 1 observation with a Flexible meeting if desired. Flexible meeting includes planning for fellow/attending role and what clinical skills will need)
- 1 ILP Review Meeting** in July

*Additional observations/meetings may be required for a resident if recommended by the program

**Self-identified needs may include debriefing a challenging communication scenario; observation of clinic teaching, clinic observation, or other observation)

Additional Coach responsibilities:
