Admission Criteria for former Preterm infants

Per NICU attending all infants who meet the admission criteria:

- born prior to 37 weeks gestational age and current age is less than 52 week post menstrual age (PMA)

- All infants less than 44 weeks PMA

- Meet criteria 1 and currently less than 60 weeks PMA and have concurrent pertinent medical issues as defined by anesthesiologist

These patients shall be admitted to NICU, PICU or PICN as they feel these are the only units in the hospital who meet the care criteria described in the policy.
