

Pediatrics - Summative / Final Resident Evaluation

Evaluator: _____

Evaluation of: _____

Date: _____

In accordance with ACGME common program requirements (V.A.2.a.b) the program director must provide a summative evaluation for each resident upon completion of the program. This evaluation must become a part of the resident's permanent record maintained by the institution, and must be accessible for review by the resident in accordance with the institutional policy. This evaluation must:

- a) document the resident's performance during the final period of education, and
- b) verify that the resident has demonstrated sufficient competence to enter practice without direct supervision.
