

Why should I use ORCID?

As part of our commitment to ensuring an ethical, transparent and fair peer review process, SAGE is a supporting member of ORCID®, the Open Researcher and Contributor ID.

If you don't already have one, create a free **ORCID iD**, a unique identifier which allows you to distinguish yourself from other researchers. An ORCID iD supports automated linkages between you and your research outputs and professional activities, ensuring that your work is recognized (Learn more at orcid.org). Once you've registered, we advise that you associate your ORCID with your accounts on our online peer review platforms.
