Nicotine Addiction Module
Unit 1: The Brain

The discussion points below are designed for you to initiate an essential conversation with a trusted adult in your life. It does not matter if you know the factual answer; you can research that together at a later time. What is important is that you are able to communicate with a trusted adult, to broaden your perspective on this topic.

Why do you think it is important to study the human brain before learning about Nicotine Addiction? Why or why not?
