The discussion points below are designed for you to initiate an essential conversation with a trusted adult in your life. It does not matter if you know the factual answer; you can research that together at a later time. What is important is that you are able to communicate with a trusted adult, to broaden your perspective on this topic.

Why do you think it is important to study the human brain before learning about Nicotine Addiction? Why or why not?

Discuss some of the unique features of the adolescent brain.

Why is the reward pathway so powerful in influencing human behavior?
