

# TRAM RESEARCH SYMPOSIUM

Friday, 5/17/2013  
9:30am-3:30pm  
Clark Center Auditorium

## Department of Medicine Translational Research and Applied Medicine Program

### FOSTERING COLLABORATIONS BETWEEN SCIENTISTS AND PHYSICIANS

- **Dean Felsher MD, PhD** – Professor of Medicine (Oncology) and Pathology, Director of TRAM
- **Joanna Liliental PhD** – Associate Director and Program Manager of TRAM

#### TRAM Sponsored Research:

**John Leppert MD (Urology):** "Development of Blood Biomarkers for Diagnosis and Monitoring of Renal Cell Carcinoma".

**Vinicio Perez MD, PhD (Medicine- Pulmonary Care):** The role of Wnt5a-ROR2 signaling in the establishment of endothelial-pericyte interactions during pulmonary angiogenesis".

**Shirit Einav MD (Medicine – Infectious Diseases):** "Novel antiviral strategies for combating multidrug resistant HIV".

**Everett Meyer MD, PhD (Medicine – BMT):** "A Distinct Evolution of the T Cell Repertoire Categorizes Treatment Refractory Gastrointestinal Acute Graft-Versus-Host Disease".

#### Translational Research Resources at Stanford - Core Directors' Discussion Panel:

**Allis Chien, PhD**, Director, SU Mass Spectrometry (SUMS)

**John Collier, PhD**, Director, Stanford Functional Genomics Facility (SFGF)

**Kanad Das, PhD**, Program Manager, SPARK

**Tim Doyle, PhD**, Director, Small Animal Imaging Facility

**Michael Eckart, PhD**, Director, Protein & Nucleic Acid Facility (PAN)

**Joanna Liliental, PhD**, Director, Translational Applications Service Center (TASC)

**Holden Maecker, PhD**, Director, Human Immune Monitoring Center (HIMC)

**Jon Mulholland**, Director, Cell Sciences Imaging Facility (CSIF)

**Peg Tsao, RN, CCRC**, Study Facilitator, SPECTRUM

#### KEYNOTE LECTURES:

**Lloyd B. Minor, MD**

Carl and Elizabeth Naumann Dean of the Stanford University  
School of Medicine

**"From Bench to Bedside"**

**Joseph Wu, MD**

Associate Professor and Director, Stanford Cardiovascular Institute

**"Cardiac iPSCs for Disease Modeling and Drug Screening"**

**Gordon Saul, MBA**

Executive Director, Stanford Program in Biodesign

**"Biodesign and its role in translational medicine"**
