

Stanford Maternal and Child Health Research Institute (MCHRI) Clinician Educator (CE) Grants Program

The Clinician Educator (CE) Grants Program aims to encourage, develop, and support CEs to pursue impactful and meaningful clinical research for the area of the proposed work. Applications may include involvement of other Allied Health Professionals.

Amount of funding: up to \$35,000 for one year

Complete application and guidelines [here](#).

DEADLINE: Monday, April 5, 2021 @ 5:00 pm (*no late applications will be accepted*)

*Submit your proposals to the following link: [ONLINE APPLICATION LINK](#), per the application instructions. You do not need to submit your applications via your RPM.

TIMELINE

Awards will be announced in June 2021. Award start date is July 1, 2021. **The performance period is 12 months and the project proposed must be feasible within this timeframe.**

GENERAL ELIGIBILITY

- All Clinician Educators (CE) at the rank of Clinical Instructor or above can apply
- All applicants must have or plan on having a focus on maternal child health research, or wish to expand their interest in maternal child health research
- A *Primary Research Mentor* is required for Clinical Instructors & Clinical Assistant Professors.
- All applicants must continue to be appointed at the Clinical Instructor rank or above for the duration of the award, including any extensions.
- A Mentor Support Form is *required* from the *Primary Research Mentor* for Clinical Instructors & Clinical Assistant Professors. Upon creation of an Online Application Record by the applicant (we encourage applicants to create a record at least 4 weeks prior to submission deadline), the *Primary Research Mentor* will receive an automated email with a unique link to complete the Mentor Support Form. For further instructions on the Mentor Support Form, please go [here](#).
- The applicant and mentor are required to be [MCHRI Members](#) to apply for this grant. The mentor should be at the Associate Professor or Professor rank.
- A primary research mentor is not required for Associate Professor and Professor ranks. The Mentor Support Form is optional. However, if you select 'yes' when submitting your Online Application Record and *choose* to designate a primary research mentor, your mentor *will be required* to submit the Mentor Support Form.
- Projects must be novel to the field (i.e., not previously described in literature) but can be a continuation or expansion of the investigator's current research.

Types of Research

Research must be primarily related to maternal child health. "Child" refers to the expectant mother, oocyte, zygote, embryo, fetus, infant, child, and/or adolescent.

The following areas of research are eligible:

- Patient-oriented research
- Epidemiological and behavioral studies
- Outcomes research and health services research

Please see our website for latest updates to our [policies](#) including the updated IRB and resubmission policies.

We advise all applicants to notify their division or finance managers prior to submitting their application.
