*replaces Community of Science

**what is COS pivot?**
COS pivot combines funding opportunities and scholar profiles with intelligent mapping that expedite funding discovery, dissemination, and collaboration. With Pivot, it connects the right opportunities with the right people.

COS pivot is a power tool that:
- Brings the best of COS Funding Opportunities and COS’ two scholarly profiling systems together in one integrated package
  - Access to over 26,000 funding opportunities
  - Approximately 3 million profiles from around the world
- Suggests potential funding opportunities for you based on your Pivot profile (harvested and maintained by COS Pivot editors)
- Gives you one place to manage and track funding of interest

COS pivot provides you the competitive edge—by bringing together the right research opportunities, funding, and people—quickly and easily. It provides global and local connections that strengthen research by exploring new avenues for funding and collaboration—for faculty, staff researchers, post docs and graduate students.

**how do I access COS pivot?**
Anyone with a Stanford IP address can access COS pivot, however you will need an account to save your funding searches or to track funding opportunities. If you already have an account for COS Funding Opportunities, you can use the same username and password for COS pivot.

**how do create a COS pivot account?**
1. Go to: http://pivot.cos.com
2. Click on Login help link
3. Click on ‘Create your Pivot account’ on the Login Help Options page
4. Complete the required fields including the name of the subscribing institution to which you belong
5. Click the Create my account button
6. You will receive a verification email at the address entered in the account creation process which will include a link to Pivot.
7. Your email address and the password you entered during account creation will be your Pivot username and password.
