Cancer funding opportunities updates & reminders-distributed June 20, 2018

Highlights:

- **DoD Prostate Cancer Research Program**-new RFPs
  - Health Disparity Research Award $600K-$1M (Pre-app: Sept. 20)
  - Health Disparity Fellowship Award $200K (Pre-app: Sept. 20)
  - Link to other previously announced PCRP RFPs

- **DoD CDMRP Research Program RFPs-reminders**
  - Kidney Cancer Research Program
  - Lung Cancer Research Program
  - Ovarian Cancer Research Program
  - Peer Reviewed Cancer Research Program

- **National Institute of Health (NIH)**
  - NIH funding opportunity search tool-search by issuing organization (i.e., NCI) to view 170 current NCI FOAs
  - 2019 High Risk, High Reward FOAs for all disease topics
  - *Recently published* NIH NCI FOAs
  - Links to:
    - NIH NCI investigator-initiated FOAs
    - NIH NCI K Career Development awards

- **Foundation/Association programs**
  - **Special announcements**
    - American Cancer Society-Clinical Research Professor (LOI: Aug. 1)
    - AACR Stand Up To Cancer T-Cell Lymphoma Dream Team Translational Research Grant $8M (LOI: July 2)
  - **RFPs arranged by topic:**
    - Childhood cancer (note: June & July deadlines)-*includes new RFP*
    - Lymphoma
    - Mesothelioma
    - Myeloma
    - Ovarian Cancer
    - Pancreatic Cancer

- **AACR Prizes** (not sponsored projects)
  - AACR Team Science Award $50K prize (Aug. 1)
  - Links to other AACR prizes ($10K) and lectureships

- **Stanford resources**
  - Institutional representatives (RPM/RMG and CGO/OSR)
  - Reminder-RMG and OSR internal proposal deadline policy
  - Funding Information resources
  - Foundation Relations-MCD and LPFCH
  - Stanford Research Development Office (SoM faculty)
  - Stanford Office of Faculty Development and Diversity-School of Medicine
  - School of Engineering Research Development Assistance (SoE junior faculty)
Proposal central helpful application tips

DoD Congressionally Directed Medical Research Program (CDMRP)

Cancer-related research programs

Institutional representatives: PIs you do not have to submit your pre-applications/pre-proposals through your RPMs for their approval. You’ll only need to work with your RPM for full proposal submissions. Exception: CE faculty must submit and obtain approval for a CE faculty PI waiver through their RPM at least 1-2 weeks prior to the pre-app/LOI or pre-proposal submission.

DoD Prostate Cancer Research Program-new RFPs

DoD Prostate Cancer Research Program
Health Disparity Research Award

Amount of funding-new investigator category: Maximum of $600,000 direct costs plus indirects over 3 years
Amount of funding-established investigator category: Maximum of $1 million direct costs plus indirects over 3 years

Purpose: The Health Disparity Research Award supports promising research ideas that have high potential to make a significant impact in eliminating disparities in prostate cancer incidence, morbidity, mortality, and survivorship. The PCRP is interested in research that addresses all different aspects that contribute to health disparity in prostate cancer, including, but not limited to, social, cultural, and/or biological contributors. Applications are required to address one or more of the FY18 PCRP Overarching Challenges

PI Eligibility-established investigator: independent* investigator-faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver).

PI Eligibility-new investigator: independent investigators-Stanford assist. prof. with PI eligibility and CE assist. prof. (with an approved CE faculty PI waiver) who are within 10 years after completion of his/her terminal degree by the time of the application submission deadline (excluding time spent in residency or on family medical leave). Time spent as a postdoctoral fellow is not excluded. Lapses in research time or appointments as denoted in the biographical sketch may be articulated in the application. Applications naming PIs using the New Investigator category are required to include a collaborator (or collaborators) appropriate to the application who has experience in prostate cancer health disparity research, as demonstrated by a record of funding and publications.

No citizenship restriction

*Not eligible: Instructors, Clinical Instructors, Academic staff-researchers (i.e., basic scientists, research associates are not eligible because Stanford does not consider them to be independent or faculty-level positions.

Timeline:

Pre-application/Letter of intent (LOI) (required) deadline: Sept. 20, 2018, 5 p.m. ET via https://ebrap.org/
Institutional representative (RPM/RMG) deadline: Oct. 4, 2018
Full proposal deadline: Oct. 11, 2018, 11:59pm ET via grantsgov

Guidelines:
http://cdmrp.army.mil/funding/pocr

*Institutional representatives: all PIs must alert the Research Process Manager (RPM in RMG) asap about their plans to submit a proposal so the RPM can begin to generate their budget.
DoD Prostate Cancer Research Program
Health Disparity Fellowship Award

Amount of funding: Maximum of $200,000 direct costs plus indirects over 2 years

Purpose: supports prostate cancer-focused disparity research opportunities for individuals in the early stages of their careers, under the guidance of one or more designated Mentors. This opportunity allows for postdoctoral fellows to develop a research project, investigate a problem or question in prostate cancer disparity research, and further their intellectual development as prostate cancer health disparity researchers of the future. Applications are required to address one or more of the FY18 PCRP Overarching Challenges.

PI Eligibility: The Postdoctoral PI must:
- Have successfully defended a doctoral thesis or possess an M.D. degree (or equivalent) by March 31, 2019;
- Be involved in an accredited postdoctoral training or medical residency program; and
- Have 3 years or less of postdoctoral research experience (excluding clinical residency or clinical fellowship training) by March 31, 2019.

Mentor(s): Applications must include at least one Mentor, appropriate to the proposed research project, who has experience in prostate cancer research and mentoring as demonstrated by a record of active funding, recent publications, and successful mentorship. The primary Mentor can be a junior faculty member, in which case the PI is encouraged to include a secondary Mentor with a more robust track record in prostate cancer research and mentorship.

No citizenship restriction

Timeline:
Pre-application/Letter of intent (LOI) (required) deadline: Sept. 20, 2018, 5 p.m. ET via https://ebrap.org/
Institutional representative (RPM/RMG) deadline: Oct. 4, 2018
Full proposal deadline: Oct. 11, 2018, 11:59pm ET via grantsgov

Guidelines: http://cdmrp.army.mil/funding/pgrp

*Institutional representatives: all PIs must alert the Research Process Manager (RPM in RMG) asap about their plans to submit a proposal so the RPM can begin to generate their budget.

Other previously announced Prostate Cancer Research Program RFPs. More >>
Impact Award $750K (pre-app: July 19)
Idea Development Award $600K (pre-app: July 6)
Physician Research Award $750K (pre-app/LOI: Aug. 16)
Early Investigator Research Award $200K (pre-app/LOI: Aug. 16)

**National Institute of Health (NIH)**

**NIH search tool for current funding opportunities**
You can select “NCI” in the “issuing organization” drop down menu then click “search”. The search results will display 170 FOAs in a table format with links to the full program announcements.

**NIH NCI Investigator-initiated and other miscellaneous FOA highlights:**
- NCI investigator-initiated FOAs [more >>](#)
- NIH NCI Career Development Awards [more >>](#)

**2019 High Risk, High Reward Programs for all disease topics ([see this webpage >>](#))**
- NIH Director’s New Innovator Award Program $1.5M (DP2-Clinical Trial Optional) RFA-RM-18-008 (Sept. 10)
- NIH Director’s Pioneer Award $3.5M (DP1-Clinical Trial Optional) (RFA-RM-18-007) [Sept. 14](#)
- NIH Director’s Transformative Research Award (R01-Clinical Trial Optional) RFA-RM-18-009 [Sept. 21](#)

**Recent NIH FOAs with NCI as a participating or sponsoring institute:**

*Eligibility:* faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver)

**The Role of Epitranscriptomics in Development and Disease (R01 - Clinical Trial Not Allowed)**
([PAR-18-830](#))
Eunice Kennedy Shriver National Institute of Child Health and Human Development
National Cancer Institute
National Eye Institute
Application Receipt/Submission Date(s): November 7, 2018, June 3, 2019, March 3, 2020, November 7, 2020, June 3, 2021

*Administrative supplements:*

**Collaborative Activities to Promote Cancer Cachexia Research (Administrative Supplement - Clinical Trial Not Allowed)**
([PA-18-821](#))
National Cancer Institute
*Eligibility:* PIs with active NCI grants with these activity codes: P01, P50, U54, DP2, DP5, R00, R01, R37, U01
The long-term goal of this supplement program is to encourage a focused examination of the biology of cancer cachexia and its effect on organs and systems beyond the tumor site(s).
Application Receipt/Submission Date(s): July 30, 2018
Administrative Supplements for Research on Dietary Supplements (Administrative Supplement- Clinical Trial Not Allowed)
**(PA-18-817)**
ODS, FIC, NCCIH, **NCI**, NEI, NHLBI, NIA, NIAAA, NIAID, NIAMS, NIDCD, NIDCR, NIDDK, NIEHS, ORIP
**Eligibility:** PI with active research grants from the above institutes with certain activity codes (see the guidelines)
**Application Receipt/Submission Date(s):** October 15, 2018; January 15, 2019; April 15, 2019; October 15, 2019; January 15, 2020; or April 15, 2020

Administrative Supplements for Validation Studies of Analytical Methods for Dietary Supplement Constituents (Administrative Supplement - Clinical Trial Not Allowed)
**(PA-18-818)**
ODS, NCCIH, **NCI**, NIDDK, NIEHS
**Eligibility:** PI with active research grants from the above institutes with certain activity codes (see the guidelines)
**Application Receipt/Submission Date(s):** October 15 2018, January 15 2019, April 15 2019, October 15 2019, January 15 2020, and April 15 2020

**FOUNDATION AND ASSOCIATION FUNDING OPPORTUNITIES**

**Special announcements:**

**American Cancer Society**
**Clinical Research Professor**
$80K /yr. for 5 yrs ($400,000 total) - this may be renewed once)
**Eligibility:** Applicants who have held the rank of full professor (with PI eligibility) for more than 15 years and who have made seminal contributions in the area of cancer control that have changed the direction of clinical, psychosocial, behavioral, health policy or epidemiological cancer research.
**Letter of intent (required) deadline:** Aug. 1, 2018 via proposal central
*If invited to submit full proposal alert your RPM asap:*
Institutional representative (RPM/RMG) deadline: Oct. 8, 2018
Full proposal (by invitation only) deadline: Oct. 15, 2018
**Guidelines >>**

**American Association for Cancer Research (AACR)**
**Stand Up To Cancer T-Cell Lymphoma Dream Team Translational Research Grant**
**Amount of funding:** $8 million over 3 years (1 to be awarded)
**Purpose:** will fund a translational cancer research project focused on T-cell lymphoma that will address critical problems in patient care, including prevention strategies for those at risk, and deliver near-term patient benefit through investigation by a multidisciplinary, multi-institutional, collaborative Dream Team of expert investigators.
**Eligibility:** faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver)
Each Team will consist of a Dream Team Leader, a Dream Team Co-leader, no more than four additional Dream Team Principals, a Dream Team Project Manager, and at least two Advocates, with no more than six but a minimum of three participating institutions. See other criteria. There are no citizenship or residency status restrictions.

Letter of intent (required) deadline: **July 2, 2018**

*If invited to submit a full proposal, please alert your RPM in RMG asap:*

Institutional representative (RPM/RMG) deadline: Oct. 5, 2018

Full proposal (by invitation only) deadline: Oct. 12, 2018

Guidelines >>

---

**RFPs arranged by topic:**

**Childhood Cancer**

**Pediatric Low Grade Astrocytoma Foundation (PLGA)**

**Brain Tumor Research Grants**

**Eligibility:** faculty with PI eligibility and CE Faculty (with an approved CE faculty PI waiver)

No citizenship restriction

Award funding is based on size, impact and complexity of projects. All grants are awarded with the understanding of 0 percent overhead. Funding can be awarded over one, two, or three years.

The grant cycle is an ongoing process throughout the year. Investigators from all over the world are invited to submit a letter of intent.

*If invited to submit a full proposal please alert your RPM asap.*

**Alex’s Lemonade Stand Foundation for Childhood Cancer**

**The Babich Family Foundation**

**2018 Familial RUNX1 Research Grant**

Amount of funding: up to $250,000 over 2 years

**Eligibility:** Stanford faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver).

Purpose: to fund research in strategies leading to the development of therapies to prevent the transition from pre-leukemia to leukemia for patients with FPD/AML. Projects should focus on leukemia caused by familial RUNX1 mutations rather than sporadic AML with somatic RUNX1 mutations.

Letter of intent (required) deadline: **July 2, 2018**, 11:59pm ET

*If invited to submit a full proposal alert your RPM asap:*

Institutional representative (RPM/RMG or CGO/OSR) deadline: Sept. 24, 2018

Full proposal (by invitation only) deadline: **Oct. 1, 2018**

Download the separate LOI and Research grant guidelines from the bottom of this webpage:

[https://www.alexslemonade.org/grants/runx1](https://www.alexslemonade.org/grants/runx1)
The Andrew McDonough B+ Foundation
Childhood Cancer Research Grant
Amount of funding: up to $75,000 over 2 years ($150K total)
The B+ Foundation funds grants that support basic, translational or clinical research, which may lead towards cures and better treatments for childhood cancers.
Eligibility: Stanford faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver)
Applicants must have a M.D., D.O., Ph.D, or PharmD degree
No citizenship requirement
Institutional representative (RPM/RMG or CGO/OSR) deadline: Sept. 7, 2018
Full proposal (by invitation only) deadline: Sept. 14, 2018 via proposal central
To download the RFP, go to this proposal central webpage and click on the document icon at the end of the RFP title:
https://proposalcentral.altum.com/GrantOpportunities.asp?GMID=162

Lymphoma

Lymphoma Research Foundation
Clinical Investigator Career Development Award
Amount of funding: total of $225,000 over 3 years
Eligibility:
Stanford Assist. Prof. with PI eligibility, CE Assist. Prof. (with an approved PI waiver), and advanced fellows
Applicants must be licensed physicians at a clinical research institution in the United States or Canada for the duration of the LRF grant, and intending to pursue a career in lymphoma clinical research.
Applicants for this award should be clinical physicians in one of the ACGME accredited specialties (e.g., hematology/oncology, pediatrics, pathology, dermatology, radiation oncology).
The applicant must be an advanced fellow or junior faculty member with at least 2 years (24 months) of fellowship or postdoctoral training and no greater than 5 years of experience beyond completion of his/her fellowship or post doctoral training (the five year limit may be non-sequential) at the start of the award period (March 1, 2019).
See other criteria and other funding restrictions.
No citizenship restriction
Institutional representative (RPM/RMG) deadline: Aug. 30, 2018
Full proposal deadline: Sept. 6, 2018
https://www.lymphoma.org/researchers/grants/

Institutional representative for all PIs: this is a mentored career development grant. Please alert your department’s Research Process Manager (RPM in RMG) re: your plans to submit a proposal so he/she can begin to generate your budget, etc.

Lymphoma Research Foundation
Lymphoma Postdoctoral Fellowship Grant
Amount of funding: a total of $105,000 to grantees over two years
The LRF Postdoctoral Fellowship Grant is designed to support investigators at the level of advanced fellow or postdoctoral researcher in laboratory or clinic based research with results and conclusions that must be clearly relevant to the treatment, diagnosis or prevention of Hodgkin and/or non-Hodgkin lymphoma, including chronic lymphocytic leukemia.

**Eligibility:**
Applicants must hold an MD, PhD, or equivalent degree. MD Applicants must have completed at least two years (24 months) of their fellowship work at the start of the award period (March 1, 2019). All applicants should not have completed more than five years (60 months) of their fellowship or postdoctoral work at the start of their award period. Individuals holding faculty positions prior to March 1, 2019 are not eligible to apply; awarded applicants may move into faculty positions during the award period. See the guidelines for other criteria.

No citizenship requirement
Institutional representative (RPM/RMG) deadline: Aug. 30, 2018
Full proposal deadline: Sept. 6, 2018
https://www.lymphoma.org/researchers/grants/

**Institutional representative-postdocs:** this is a mentored career development grant. Please alert your department’s Research Process Manager (RPM in RMG) re: your plans to submit a proposal so he/she can begin to generate your budget, etc.

---

**Lymphoma Research Foundation**

**Lymphoma Clinical Research Mentoring Program**
The LRF Scientific Advisory Board will select up to 8 applicants to become LRF Scholars and participate in the Lymphoma Clinical Research Mentoring Program. LRF Scholars attend an initial LCRMP workshop which is four days in length. **This year’s workshop will take place March 5-9, 2019 in Scottsdale, AZ.**

This is an education and mentoring program for fellows and junior faculty with a focus in clinical research in the field of non-Hodgkin and Hodgkin lymphoma, including chronic lymphocytic leukemia. The program is two years in length and offers a broad education on clinical research and career development as well as managing career and quality of life issues.

**Eligibility:** Stanford Assist. Prof. with PI eligibility and CE Assist. Prof. with an approved PI waiver) within the first 4 years of a faculty position or trainees who are at least in their second year of the one of the ACGME accredited sub-specialty fellows programs: Hematology/oncology, Hematology, Medical Oncology, Radiation Oncology, or Hematopathology.

Applicants should not be more than four years beyond completion if their fellowship or more than twelve years beyond completion of their MD or equivalent degree.

Institutional representative (RPM/RMG) deadline: Aug. 30, 2018
Full proposal deadline: Sept. 6, 2018
https://www.lymphoma.org/researchers/grants/

**Institutional representative for all PIs:** this is a mentored career development grant. Please alert your department’s Research Process Manager (RPM in RMG) re: your plans to submit a proposal so he/she can begin to generate your budget, etc.
Mesothelioma

Mesothelioma Applied Research Foundation
Mesothelioma Research Grant
Amount of funding: up to $50,000 per year x 2 yrs
For benchwork, translational, or clinical research
Eligibility: Stanford faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver). No citizenship requirement.
Institutional representative (RPM/RMG or CGO/OSR) deadline: August 3, 2018
Full proposals deadline: August 10, 2018 via proposal
To download the PDF file of the guidelines, go to this proposal central webpage and click on the document icon at the end of the RFP title:
https://proposalcentral.altum.com/GrantOpportunities.asp?GMID=94

Mesothelioma Applied Research Foundation
Peritoneal Mesothelioma Research Grant
Amount of funding: up to $50,000 per year x 2 yrs
For benchwork, translational, or clinical research
One grant will go to Peritoneal research.
Eligibility: Stanford faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver). No citizenship requirement.
Institutional representative (RPM/RMG or CGO/OSR) deadline: August 3, 2018
Full proposals deadline: August 10, 2018
To download a Word document of the guidelines, go to this proposal central webpage and click on the document icon at the end of the RFP title:
https://proposalcentral.altum.com/GrantOpportunities.asp?GMID=94

Myeloma

International Myeloma Foundation
Brian D. Novis Research Award
Senior grant
$80K
Eligibility: Established faculty with PI eligibility and CE faculty (with an approved CE faculty PI waiver)
Institutional representative (RPM/RMG) deadline: July 25, 2018
Full proposal deadline: Aug. 1, 2018
https://www.myeloma.org/apply-imf-research-grant

International Myeloma Foundation
Brian D. Novis Research Award
Junior grant
$50K
Eligibility: Instructors, Clinical Instructors, Assist Prof. with PI eligibility and CE Assist. Prof. (with an approved CE faculty PI waiver)
Institutional representative (RPM/RMG) deadline: July 25, 2018
Full proposal deadline: Aug. 1, 2018
https://www.myeloma.org/apply-imf-research-grant

Ovarian Cancer

Rivkin Center for Ovarian Cancer
Bridge Funding Awards
$30,000 for 6 months
Eligibility: for faculty who have submitted an R01 or R21 proposal to the NIH or an original proposal to the DoD pertaining to ovarian cancer and who have not received, but were close to a fundable score.
Institutional representative (RPM/RMG or CGO/OSR) deadline: Oct. 7, 2018
Full proposal deadlines: Oct. 15, 2018 via proposal central
Guidelines:
https://www.rivkin.org/research/apply/

Prizes

Institutional representatives (RMG & OSR): not applicable. Because these are prizes and not external sponsored projects you can submit your nominations directly to each program.

American Association for Cancer Research
2019 Team Science Award
Amount of the prize: $50,000
Purpose: to recognize an outstanding interdisciplinary research team for its innovative and meritorious science that has advanced or likely will advance our fundamental knowledge of cancer or a team that has applied existing knowledge to advance the detection, diagnosis, prevention or treatment of cancer.
Eligibility: independent faculty-level cancer researchers providing complementary interdisciplinary expertise (see the guidelines for more information)
Nomination deadline: Aug. 1, 2018
http://www.aacr.org/Research/Awards/Pages/Awards-Detail.aspx?ItemId=8#.WxcDboplBp9

Funding Information Resources for the Stanford community:
Limited submission programs, DoD CDMRP, Internal Stanford funding opportunities, NIH resources, Calendar of foundation/association RFPs; searchable funding databases (Pivot, etc.) http://med.stanford.edu/rmg/funding/

Corporate and Foundation Relations: MCD
The Corporate and Foundation Relations team in the Medical Center Development office is available to assist School of Medicine faculty with a review and editing of your proposal. This office facilitates mutually beneficial relationships between faculty and private and philanthropic organizations. Please contact Joy Morimoto at 650-736-9749, joym@stanford.edu or Kimberly Myers Hewlett at (650) 497-3832 myers@stanford.edu for assistance.

Foundation Relations-LPFCH: For assistance with proposals in children’s health research, please contact Ann Rose ann.rose@lpfch.org 650-497-8444 or Jasan Zimmerman at Jasan.Zimmerman@LPFCH.ORG 650-736-2927 in Foundation Relations at Lucile Packard Foundation for Children’s Health.

Stanford Research Development Office (SRDO), School of Medicine
The SRDO is an additional and optional resource for School of Medicine faculty applying for grants. Its priorities for grants include large center or program project grants, grants on topics aligned with the Dean's initiatives, and junior faculty, i.e., assistant professors, applying for their first major research grants, such as NIH R01 and similar grants. SRDO's services will include identification of funding opportunities, editing of proposals, project management and assembly of large proposals, interfacing with sponsors and university central offices, and promoting collaborations. The contacts are Michael K. Helms, PhD, MBA (mkhelms@stanford.edu, 650-723-4526), Director of SRDO, and Sandra Holden, PhD (srholden@stanford.edu, 650-724-5345), Grant Development Officer.
Website: http://med.stanford.edu/srdo.html

The Office of Faculty Development and Diversity (OFDD)-School of Medicine
This office is a unique resource for School of Medicine faculty applying for grants. Its priorities include junior faculty, i.e., instructors and assistant professors, applying for their first major research grants, such as the NIH career development K awards, R01 and similar grants. In addition to workshops on grantsmanship and transition to independence, OFDD services include individual mentorship and one-on-one advising designed to edit proposals, define, develop and elucidate scientific questions related to these efforts, establish project management parameters and facilitate and improve manuscript writing. More information on these services
can be found on the OFDD website at: http://med.stanford.edu/facultydiversity/faculty-development or by contacting OFDD directly at: facultydevelopment_som@stanford.edu

School of Engineering Research Development Assistance (SoE junior faculty)
Rachel Elizabeth Sparks, Ph.D., SoE Research Proposal Editor, helps SoE junior faculty craft competitive proposal narratives by providing comprehensive research development services. Rachel’s services include assistance in identifying and addressing funder priorities, guiding proposal project management (individual and team), and editing draft and final narratives. Rachel can be reached at rachel.sparks@stanford.edu. For additional information see this webpage >>. (SUNET ID required for access.)

Proposal Central application submission: helpful hints

IMPORTANT:
SoM PIs: How to delegate the authority to submit your proposal to the RPM*.
In order for RPMs to review and submit grants through Proposal Central, the PI has to go to the section of the application titled "Enable Other Users to Access this Proposal." The PI should scroll to the bottom of the page, enter the RPM’s email address, then give the RPM "administrative" permission. The "administrative" permission allows the RPM to view, edit and submit the application. If the RPM is not given "administrative" permission, the RPM will not be able to access the submit button.
*For PIs in other schools- substitute your OSR contract officer’s name/email where RPM appears.

Special Note: Selecting the Institution’s Name
School of Medicine PIs: select item #6 (following the “MDA clinic” listing) when they search for Stanford University. This one has our Porter Drive address.
PIs in other schools: Select "the Board of Trustees of the Leland Stanford Junior University" which will display the OSR address.

Selecting a signing official: the "Stanford University" profile will include the list of RPMs. If "the Board of Trustees of the Leland Stanford Junior University" is selected, this profile will show the OSR signing officials.
