November 1, 2015, through February 1, 2016

DEADLINE FOR RECEIPT: Monday, February 1, 2016. Applications must be received no later than 5 p.m., CST.

Innovative / Translational Cancer Research

http://support.marykayfoundation.org/grants

The Mary Kay Foundation℠, a funding source for cancer research, is currently accepting applications for innovative grants for translational research in ovarian, uterine, breast, or cervical cancer.

The program will offer between ten to fifteen grants. The awards will be up to $100,000 each (combined direct and indirect costs). The grant period is for two years. Applications must be submitted by one Principal Investigator, selected by the Institution. Only one grant application will be accepted from each accredited medical school and school of public health in the United States. Grants are limited to the United States. Application guidelines and instructions are included in this announcement.

APPLICATION CONTENT AND ORDER

a. Brief lay summary of proposed study.

b. The proposed research project including the Principal Investigator's last name, first name and middle initial. The description of the research should be no longer than five typed (8.5 x 11) pages. Please use 12 point Times Roman type with one inch margins. Start with specific aims, preliminary results and research design.

c. Literature cited, letters of collaboration, illustrations, tables, etc. may be included. Tables and figures can be included within the body of research proposal. However, the total grant including specific aims, research design, figures, letters, and references may not be longer than 10 pages total.
d. Total budget for the entire project should not exceed $100,000 (combined indirect and direct). Equipment and travel costs should be justified. Indirect costs, if requested, should not exceed 15 percent of requested direct costs. List budget details.

e. List other financial support including all federal, private, or PHS 398, and "other support" from institutional sources of funding and percent of effort on each project and potential overlap between other support and this proposal (use of NIH forms or facsimile are acceptable).

f. Provide a biographical sketch with a maximum of four pages or PHS 398 Biographical Sketch form for professional personnel listed on budget request. Please submit only the enclosed form or the PHS 398 Biographical Sketch. U.S. citizenship is not required. If selected, you will be requested to provide a 5 X 7 black and white glossy original photograph (not a scanned picture) of the primary researcher.

g. Please do not send additional letters of support or materials not specifically requested.
