Dr. Jose G. Montoya, Professor of Medicine at Stanford, is conducting a study investigating the endocrine system in patients with Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS) and healthy controls.

He is looking for individuals with ME/CFS to participate in the study.

Participants must be female and 18-45 years old.

Participation in the study involves an online questionnaire and two study visits at Stanford with blood draws and endocrine testing.

There is no cost to participate in the study.

Participants will be compensated $200 for completion of the study.

If you are interested in participating or have any questions, please contact the study coordinator, Jill Anderson, at (650) 723-9711.

For general information about participant rights, contact 1-866-680-2906.
