

# AIMING HIGHER **AFTER 50** **DISCOVER YOUR FUTURE**

***Money, Health, Housing, and Joy***

After 50, life is still a road trip. What are the challenges, and what are the options? How do you decide which to take? This intensive workshop, limited to 60 people, was designed by Stanford faculty, staff, and alumni for anyone who is eager to look ahead, discover, and plan to age better. It is a powerful way to address health, housing, money, and meaning of life together with leaders who specialize in analyzing opportunities, assuring vitality, and surfing the waves of change.

**Stanford University ♦ October 18-20, 2016**
