INTERNATIONAL HUMANITARIAN AID SKILLS COURSE

Featuring Case Studies, Didactics and Hands-On Skills Sessions

February 7–8, 2015
Center for Clinical Sciences Research, Stanford, California
A Continuing Medical Education Activity Presented by the Center for Innovation in Global Health at the Stanford University School of Medicine

PROGRAM (subject to change)

Saturday, February 7, 2015
7:30 – 8:00 am Registration and Continental Breakfast
8:00 – 8:45 am Introduction, Preparedness, and Case Studies
8:45 – 9:45 am ID and Tropical Medicine for Surgical Care
9:45 – 10:30 am Anesthesia in Low Resource Environments
10:30 – 10:45 am Coffee Break/Networking
10:45 – 11:30 am Complex Wound Management in Low Resource Environment
11:30 – 12:30 pm Fracture/Dislocation Management Basics
12:30 – 1:15 pm Lunch/Participant Discussion
1:30 – 3:00 pm Skills Station Rotation #1
Group 1: Ortho Skills: External Fixation, Traction Pin Placement
Group 2: Hand Cut Split Thickness Skin Graft Tendon Repair Craniotomy
3:00 – 3:30 pm Coffee Break/ Networking
3:30 – 5:00 pm Skills Station Rotation #2
Group 1: Hand Cut Split Thickness Skin Graft Tendon Repair Craniotomy
Group 2: Ortho Skills: External Fixation, Traction Pin Placement

Sunday, February 8, 2015
8:00 – 8:15 am Continental Breakfast/ Networking
8:15 – 12:00 pm OB Skills Lectures
Cesarean Section Postpartum Hemorrhage Management of preeclampsia/eclampsia Peripartum Sepsis
Skills Lab
D&C technique Postpartum Hemorrhage: B-Lynch, Hemostatic Stitch, Intrauterine Tamponade Devices C-Section Delivery Techniques of Fetal Malposition Hysterectomy Key Points /Tubal Surgery
12:00 pm Course Evaluation

Opportunities for Q&A will be provided after each presentation and during skills sessions.

CONFERENCE OVERVIEW

STATEMENT OF NEED
This CME workshop will help prepare the International Humanitarian Aid Volunteer to function in a low resource setting for treatment of common surgical problems. In developing countries, the surgical volunteer must truly be a “generalist”, able to handle an array of surgical conditions. This 1 ½ day course will provide an overview of the scope of conditions that one might encounter in resource limited environments. Through a variety of techniques including skill stations and simulation, participants will familiarize themselves with several relevant procedures, as well as the essential elements of surgical safety, ethics, and cultural considerations in such settings. Specific skill areas that will be taught are orthopedic dislocations and fracture management with traction pins and external fixation, cesarean sections, post-partum hemorrhage, wound/burn management, skin grafts, emergent burl holes, hand injuries, orthopedic dislocations, tendon repairs, low resource anesthetic techniques, management of tropical surgical diseases, and intrauterine evacuation.

TARGET AUDIENCE
This course will help prepare US trained physicians to participate in surgical procedures in low resource settings. The course will provide skills training in a number of basic surgical procedures, and is of interest to national physicians in family practice, general surgery, urology, obstetrics and gynecology, plastic surgery, and emergency medicine.

LEARNING OBJECTIVES
• Demonstrate the procedural steps and recognize the pitfalls in basic procedures utilized in humanitarian aid missions including: fracture management, cesarean section, post-partum hemorrhage, treatment of tubal pregnancy, wound/burn management, skin grafts, emergent burl holes, hand injuries, orthopedic dislocations, tendon repairs, low resource anesthetic techniques, management of tropical surgical diseases, and intrauterine evacuation.
• Evaluate the influence of resource factors on surgical decision making in low resource environments and tailor their practice to the specific setting.

ACCREDITATION
The Stanford University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION
Stanford University School of Medicine designates this live activity for a maximum of 10.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACCOMMODATIONS
Excellent accommodations are available with special conference rates at the Sheraton Palo Alto Hotel located within a ten minute drive of the conference location. The Sheraton Palo Alto Hotel is located at 625 El Camino Real, Palo Alto, CA 94301. Please ask for the International Humanitarian Aid Skills Course $169 conference rate. Occupancy tax is 12% and a California tourism tax of 0.07% will be charged per room night. A Convention and Visitors Bureau Tourism fee of $0.84 will be charged per room night. These taxes are not included in the room rate and are subject to change without notice. The Sheraton offers valet parking for $19 per day or self-parking for $14 per day. Electric vehicle charging stations are available to guests at no additional charge.
For reservations call 1-800-325-3535 or (650) 328-2800. Rooms will be guaranteed at the special rate until January 16, 2015 (subject to availability). Thereafter, the Sheraton will provide rooms on a space available basis and the group rate will no longer be guaranteed.

CONFERENCE LOCATION
Center for Clinical Sciences Research (CCSR)
269 Campus Drive
Stanford CA 94305
http://campus-map.stanford.edu/ (search for CCSR)
Directions and parking instructions will be emailed prior to the course.

INTERNATIONAL HUMANITARIAN AID SKILLS COURSE – FEBRUARY 7–8, 2015

FACULTY

Sherry M. Wren, MD, FACS
Professor of Surgery
Associate Dean, Academic Affairs
Stanford University School of Medicine
Chief, General Surgery
Palo Alto Veterans Health Care System
Course Director and Reviewer

Susan Anderson, MD
Adjunct Clinical Associate Professor
Stanford University School of Medicine

Caroline Bowker, MD
Clinical Professor of Obstetrics & Gynecology
Stanford University School of Medicine

Laura Brodzinsky, MD
Clinical Associate Professor of Obstetrics & Gynecology
Stanford University School of Medicine

Jolyn Chen MD
Obstetrics and Gynecology
Kaiser, San Leandro Medical Center

R. Richard Coughlin, MD, MPH
Clinical Professor, Department of Orthopedic Surgery
University of California San Francisco
Institute for Global Orthopedic and Traumatology
Orthopaedic Trauma Institute/San Francisco General Hospital

Kay Daniels, MD
Clinical Professor of Obstetrics & Gynecology
Co-Director of OB Sim
Stanford University School of Medicine

Roberto Diaz, MD
Clinical Instructor, Orthopaedic Surgery
Stanford University School of Medicine

Nicholas J. Giori, MD, PhD
Associate Professor, Department of Orthopedic Surgery
Stanford University
Chief of Orthopedic Surgery, VA Palo Alto Health Care

Richard Gosselin, MD, MSc, MPH, FRCS(C)
Co-Director, Department of Orthopaedic Surgery
Institute for Global Orthopedics and Traumatology
University of California San Francisco

Pratima Gupta, MD
Obstetrics and Gynecology
Kaiser, San Francisco Medical Center

Kim Harney, MD
Clinical Associate Professor, Obstetrics & Gynecology
Maternal Fetal Medicine
Stanford University School of Medicine

Fred Hopkins, MD
Clinical Associate Professor, Obstetrics & Gynecology
Stanford University School of Medicine

Peter Johannet, MD
Clinical Assistant Professor of Surgery
Stanford University School of Medicine

Rebecca McGoldrick, MD
Clinical Instructor, Anesthesiology, Perioperative and Pain Medicine
Postdoctoral Research fellow, Anesthesiology, Perioperative and Pain Medicine
Stanford University School of Medicine

Rahim Nazerali MD, MHS
Clinical Assistant Professor, Surgery
Plastic & Reconstructive Surgery
Stanford Health Care

Amen Ness, MD
Clinical Associate Professor, Obstetrics & Gynecology
Stanford University School of Medicine

Joanne M. Nino, MD
Adjunct Clinical Instructor
Stanford University School of Medicine

Scott D. Oesterling, MD
Adjunct Clinical Associate Professor, Obstetrics & Gynecology
Stanford University School of Medicine

Andrew Ringnes, MD
Clinical Instructor, Orthopaedic Surgery
Stanford University School of Medicine

Kate Ayers Shaw, MD
Clinical Assistant Professor, Gynecology
Stanford University School of Medicine

Stephen Skirboll, MD
Associate Professor of Neurosurgery
Stanford University Medical Center

John S. Vohies, MD
Resident, Department of Orthopaedic Surgery
Stanford University School of Medicine

Faculty Disclosure
The Stanford University School of Medicine adheres to ACCME Essential Areas, Standards and Policies regarding industry support of continuing medical education. Disclosure of faculty and commercial relationships will be made prior to the activity.

REGISTRATION

International Humanitarian Aid Skills Course
February 7–8, 2015
Center for Clinical Sciences Research, Stanford, CA

Space is very limited, please register early! Please go online and register at cme.stanford.edu/humanitarian. Cancellations received in writing before January 2nd, 2015 will be refunded, less a $100 administrative fee. No refunds will be made on cancellations received after this date.

REGISTRATION FEE: $875
Registration fee includes tuition, course materials, continental breakfast and lunch on Saturday, February 7, and continental breakfast on Sunday, February 8.

ACCEPTED METHOD OF PAYMENT:
- Credit Card (Visa and MC only) – Register online at cme.stanford.edu/humanitarian
- Check made payable to Stanford University

PLEASE REGISTER AND PAY BY CREDIT CARD ONLINE.
If you prefer to pay by check please contact the Stanford Center for CME at (650) 497-8554
(Note that your registration is not confirmed until payment is received).

Stanford Center for Continuing Medical Education
