STANFORD HEMATOLOGY REVIEW
OF THE 57TH ANNUAL ASH MEETING

January 30, 2016 – 8:00 am - 4:15 pm
The Ritz-Carlton, Half Moon Bay
Half Moon Bay, CA

A Continuing Medical Education Activity Presented by the
Division of Hematology at Stanford University School of
Medicine

Sponsored by the Stanford University School of Medicine

PROGRAM (subject to change)

8:00 – 8:40 am
Registration and Continental Breakfast
8:40 – 8:50
Welcome/Introduction
Jason Gotlib, MD, MS
8:50 – 9:00
Pre-Session Questions
9:00 – 9:30
Biology and Management Updates in
Myelodysplastic Syndromes
Peter Greenberg, MD
9:30 – 10:00
Recent Advances in Genetics and Therapy
of AML
Bruno Medeiros, MD
10:00 – 10:15
Q&A Session
10:15 – 10:30
Break
10:30 – 10:40
Pre-Session Questions
10:40 – 11:10
Management Updates in Thrombosis,
Anticoagulation, and Bleeding
Caroline Berube, MD
11:10 – 11:40
Preclinical and Clinical Updates in Iron
Regulation and Hemoglobinopathies
Stanley Schrier, MD
11:40 – 11:55
Q&A Session
11:55 – 1:00
Lunch
1:00 – 1:10
Pre-Session Questions
1:10 – 1:40
Updates in Multiple Myeloma from
ASH 2015
Noopur Raje, MD
1:40 – 2:10
Updates in Myeloproliferative Neoplasms
Jason Gotlib, MD, MS
2:10 – 2:25
Q&A Session
2:25 – 2:40
Break
2:40 – 2:50
Pre-Session Questions
2:50 – 3:20
Novel Approaches in Chronic Lymphocytic
Leukemia
Steven Coutre, MD
3:20 – 3:50
Updates in Hodgkin and Non-Hodgkin
Lymphomas
Ranjana Advani, MD
3:50 – 4:05
Q&A Session
4:05 – 4:15 pm
Closing Remarks

FACULTY

All faculty are affiliated with Stanford University School of Medicine
unless otherwise noted.

Course Director:
Jason Gotlib, MD, MS
Associate Professor of Medicine (Hematology)

Special Invited Speaker:
Noopur Raje, MD
Associate Professor of Medicine
Harvard Medical School
Director, Center for Multiple Myeloma
Massachusetts General Hospital Cancer Center

Faculty:
Ranjana Advani, MD
Saul A. Rosenberg Professor of Lymphoma

Caroline Berube, MD
Clinical Associate Professor of Medicine (Hematology)

Steven Coutre, MD
Professor of Medicine (Hematology)

Peter Greenberg, MD
Professor of Medicine (Hematology), Emeritus

Bruno Medeiros, MD
Associate Professor of Medicine (Hematology)

Stanley Schrier, MD
Professor of Medicine (Hematology), Emeritus

Faculty Disclosure

The Stanford University School of Medicine adheres to ACCME
Essential Areas, Standards, and Policies regarding industry
support of continuing medical education. Disclosure of faculty and
commercial relationships will be made prior to the activity.

Register online at cme.stanford.edu/hematology
January 30, 2016 – 8:00 am - 4:15 pm

STATEMENT OF NEED
This CME event led by the Stanford Division of Hematology seeks to fulfill the need of practicing hematologists/oncologists, nurse practitioners, physician assistants, pharmacists and allied health care practitioners in the academic and community settings to increase the fund of knowledge in malignant and benign hematology by reviewing the latest data presented at the 57th Annual American Society of Hematology Meeting. The goal of the symposium is to optimize care of patients by incorporating the latest best practices in diagnosis and treatment highlighted at ASH.

TARGET AUDIENCE
This regional conference is designed to meet the educational needs of hematologists, oncologists, nurse practitioners, physician assistants, nurses, and pharmacists who care for patients with malignant and benign hematologic diseases.

LEARNING OBJECTIVES
At the conclusion of this activity, participants should be able to review and evaluate data from the most recent clinical trials and develop strategies to:

• Evaluate new chemotherapy/biologic regimens for different subpopulations of acute myeloid leukemia patients based on clinical and genetic prognostic factors and determine how to treat them to the best of our ability
• Apply strategies to optimally utilize JAK inhibition and other novel agents in patients with myelofibrosis, PV, and other relevant MPNs and use prognostic models to risk stratify MPN patients for therapy
• Determine best practice for using biologic agents with or without chemotherapy as initial therapy or for relapsed/refractory chronic lymphocytic leukemia
• Determine available therapeutic options for patients with low- or high-risk myelodysplastic syndromes, including those who are relapsed/refractory to hypomethylating agents and utilize the IPSS-R prognostic scoring system and new mutation data to classify patients for treatment
• Identify best combination regimens and novel agents for relevant populations of myeloma patients, including transplant eligible vs. ineligible, and new antibody therapies
• Evaluate differences in indications, dose, and safe use of oral anticoagulants and assess new long acting drugs for hemophilia
• Implement BTK and PI3K inhibition, anti-CD30 antibody drug immunon conjugate therapy and other agents for the treatment of chronic lymphocytic leukemia and/or lymphomas, either alone or in combination with conventional therapies
• Incorporate new data for optimizing treatment of iron overload/deficiency into practice and analyze the biologic pathways relevant to iron homeostasis, including inflammatory states; evaluate novel pre-clinical and clinical data related to hemoglobinopathies

ACCREDITATION
The Stanford University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION
Stanford University School of Medicine designates this live activity for a maximum of 5.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The California Board of Registered Nursing recognizes that Continuing Medical Education (CME) is acceptable for meeting RN continuing education requirements; as long as the course is certified for AMA PRA Category 1 Credits™ (rn.ca.gov). Nurses will receive a Certificate of Attendance following this activity that may be used for license renewal.

REGISTRATION
Registration is required as conference space is limited. Registration includes continental breakfast, lunch, course materials and certificate of attendance.

Learners are encouraged to bring a laptop, tablet, or smartphone to participate in online Q&A sessions.

Please register online at cme.stanford.edu/hematology

Our online registration process requires the use of MasterCard or Visa in order to complete payment. Registrations are confirmed with a confirmation number on the screen and via email immediately following your online registration. Be sure to include an email address that you check frequently. Your email address is used for critical information, including registration confirmation, evaluation, and certificate.

If you prefer to pay by check, please call 650-497-8554 for assistance.

TUITION
Stanford/Non-Stanford Physician $75
Non-Stanford Nurse/Allied Health $75
Stanford/Affiliate Nurse/Allied Health Free
Stanford Resident/Fellow Free

CANCELLATION POLICY
Cancellation requests received on or before January 16, 2016 will be refunded, less a $25 administrative fee. No refunds will be given for cancellations made after this date. Stanford University School of Medicine reserves the right to cancel this program; in the event of cancellation, course fees will be fully refunded.

CONFERENCE LOCATION
The Ritz-Carlton, Half Moon Bay
1 Miramontes Point Road
Half Moon Bay, CA 94019
650-712-7000
www.ritzcarlton.com/halfmoonbay

QUESTIONS
For questions about the symposium, please contact Cassandra Alcazar, CME Conference Coordinator, at 650-724-5318 or email cmariem@stanford.edu.

Stanford School of Medicine is fully ADA compliant. If you have needs that require special accommodations, including dietary concerns, please contact cmariem@stanford.edu.
