MUST select ONLY ONE of these four columns for each course.

If **one or more** of these AV Room Features are selected in Coursedog, Medscheduler will assume you want those resources assigned to the course.

Select this room feature if faculty prefer a non-LKSC classroom (likely with better consistency). If they prefer a *specific* non-LKSC classroom, also list that classroom in the "Room" field of the Coursedog form.

All of our classrooms are videoconference capable for Zoom. If you need to request for AV assistance, please submit a Change Request Form with the Zoom ID and password once courses have been scheduled in 25Live.

CAUTION!

Do not to select any Room Features in Coursedog that are not listed on this matrix. If other Room Features are selected, the Optimizer will not be able to match your choices with a Medscheduler classroom, and a classroom will not be assigned.
