SOCIAL NARRATIVES

A social narrative can explain in simple language what is happening or what will happen. It can identify where the individual may be going and what the expectations are. Helping to clarify what is coming can increase predictability and a sense of control. Using both words and pictures can be helpful to support comprehension and reduce overwhelm.

People in my country are experiencing a war. War is very dangerous.

During a war, there may be bombings, gun shots, and violence. People can get hurt.

War is scary. I may cry, scream, or yell. My stomach may hurt. I may feel angry, mad, and sad. My family, other adults, and other kids may also feel this way. It is okay to feel angry, mad, and sad.

To stay safe, we may need to leave our home. I may have to travel with my family to stay safe.

To stay safe, it is important to listen and follow the directions of my family or other adults I know. I can take deep breaths, ask for tight squeezes, or ask for help.

SLEEPING IN A NEW PLACE

Sometimes, we have to sleep in new places. We might sleep in new places because it is safer than the old place we slept.

Sleeping in a new place is hard because it is different. I can remember that even though it is hard, we are sleeping in a new place to help us stay safe.

When I sleep in a new place, it might have different sounds or different smells. If that bothers me, I can cover my ears or plug my nose.

When I sleep in a new place, I might sleep on something that feels different, like the floor or a mat or a sleeping bag. People are trying to find things to make me comfortable, but sometimes it does not feel comfortable.

When I sleep in a new place, there might be different people. Being around new people might make me anxious. I can ask someone I know to stay near me or hold my hand while I fall asleep.

When I sleep in a new place, there might be more people. If there are more people, it might be noisy or the lights might be on when I am trying to sleep. I can cover my ears if it is loud. I can put something over my eyes if it is bright.

There are lots of changes when I sleep in a new place. If I need help trying to sleep in the new place, I can tell someone. I can ask someone I know to sing me a song or tell me a story. I can also have someone I know rub my back.

STAYING SAFE I

Staying safe means avoiding danger when possible. When I am in danger, my heart may beat faster, I may sweat, or my stomach may hurt.

There are rules to stay safe and avoid danger when possible:
  ▪ Stay with my family member or an adult I know.
  ▪ Hold the hand of my family member or an adult I know.
  ▪ Follow directions of my family member or an adult I know.

To keep me safe, my family member or another adult may tell me I need to do something. When my family member tells me to do something, I need to follow the direction quickly to stay safe. Sometimes I might not like the directions, but I need to follow the direction to stay safe.

If I feel I am in danger or unsafe, I can tell my family member or an adult I know. I can hold my family member’s hand. I can take deep breaths or ask my family member for a tight squeeze.

When I follow safety rules, my family member or an adult I know can help me stay safe.
