September 2022 MCHRI Newsletter

News & Notables

DEADLINE EXTENDED: MCHRI Call for Abstract **New Deadline: Monday, September 12th 2022 at 5:00 PM PST**

We invite instructors, fellows, residents, postdocs, students, and faculty of all disciplines from Stanford to share the **latest maternal or child health research** by submitting an abstract for the moderated Poster Session. **Community-Engaged Research** will be a focus and we encourage abstracts from researchers working with community partners.

MCHRI EUREKA 2023: Apply Now!

Applications due: September 25, 2022

MCHRI is recruiting for the second annual **Eureka Certificate Course in Translational Medicine**. This 5-day intensive course will be held at Asilomar Conference Center in Monterey, CA, from **Sunday, February 26, to Thursday, March 2, 2023**. This course is designed to bring early career faculty together with mentors and resources to foster a community focused on promoting new innovations in maternal child health.

MCHRI Drug & Device Development (D³) Training Program

Application due: October 2, 2022

The D³ Training Program provides an engaging and stimulating experience that sparks interest and cultivates skills in the **translational medicine field** and, in the process, develops clinical researchers with expertise in the development of novel therapeutics and diagnostics in pregnant women and children. Join our informational webinar to learn more about the program and hear from alumni.

Funding Opportunities

For more information about MCHRI programs and deadlines, visit the [Funding Calendar](#) page

For more eligibility information and other details, visit individual funding opportunity pages.

REVISED BIOSTATS CONSULTATION TIMING:

As part of a partnership with the [Stanford Quantitative Sciences Unit \(QSU\)](#), MCHRI grant applicants may request services as needed to support the success of their research project (most services at no charge to the investigator). Due to the popularity of the service, the QSU now requests applicants submit consultation requests at least 8 weeks in advance of a submission deadline to secure its involvement and ideally 3 months prior to submission. Individual QSU consultation request pages are on MCHRI grant pages.
