The Department of Dermatology at Stanford University Medical Center is offering a 2 year fellowship in Cutaneous Lymphoma. This position will provide a unique and broad experience and will include leadership roles in patient care, clinical trials, and/or various clinical/translational research projects. The fellow will also collaborate with personnel from pathology, radiation oncology, medical oncology, and the Blood and Marrow Transplant program. Graduates from U.S. or non-US medical schools are eligible to apply. Preference will be given to those who have completed a residency in internal medicine, pathology, or dermatology, has an interest in an academic career, completed their internship year.

The required items to apply are:

- USMLE or ECFMG transcripts (e.g., Steps 1, 2 CK, 2 CS and 3)
- Medical school transcript
- Three strong letters of recommendation
- Most recent Curriculum Vitae

Interested applicants should send a brief statement of their interests and career goals with the aforementioned items to:

Youn H. Kim, MD
Director, Cutaneous Lymphoma Program & Fellowship
