**Liability Coverage**

Physicians, Interns, Residents, Postdoctoral Fellows, Nurses, Technicians, Clinical Faculty, and other employees, Physician Assistants, visiting physicians, clerkships, Primary Care Associate Preceptorships, students, or volunteers of the Medical Center, *are covered while acting within the regular course and scope of their duties on behalf of the Lucille Packard Children’s Hospital (LPCH) including “Good Samaritan” services.*

Coverage for a physician will not commence until:

1) He/she is classified as a SHC/LPCH medical staff member (including credentialing committee approval).

2) He/she is employed by or has a faculty appointment with the Stanford School of Medicine.

Coverage for allied health professionals (including nurses and physician assistants) does not commence until they are employed by SHC/LPCH.

Coverage ceases when the covered healthcare provider’s employment or appointment is terminated; however, SUMIT Insurance Company will respond to covered incidents reported after the employee departs LPCH; therefore, an individual “tail” policy is not needed.
Private practice and independent consultants are not covered and should provide a Certificate of Insurance evidencing proof of coverage through a malpractice insurance carrier.

Medical School research and/or clinical activities unrelated to Lucille Packard Children’s Hospital are NOT covered.
