Plastic Surgery*

Proposed

II.A.2. The program director and, as applicable, the program’s leadership team, must be provided with support adequate for administration of the program based upon its size and configuration. ^(Core)

II.A.2.a) Program leadership, in aggregate, must be provided with support equal to a dedicated minimum time specified below for administration of the program. This may be time spent by the program director only or divided between the program director and one or more associate (or assistant) program directors. ^(Core)

Number of Approved Resident Positions	Minimum Support Required FTE
1-6	.20
7-10	.25
11-20	.30
21-30	.35
31-35	.40
>36	.45

II.A.2.b) All programs must appoint an associate (or assistant) program director(s). ^(Core)

II.A.2.c) Program directors who oversee both an integrated and independent plastic surgery programs, must be provided support for administration of the programs based upon the total number of approved residents in both programs. ^(Core)

Specialty-Specific Background and Intent: The Review Committee recognizes that many institutions have both an Independent and Integrated Plastic Surgery program and share one Program Director. The Review Committee will allow programs with the same Program Director across both formats to count the total number of residents in both programs to determine required dedicated time for administration of the programs. However, this time is comprehensive and not additive, so an Institution that has a total of 20 residents across both the independent and integrated programs would require a total of 30% FTE for program leadership which must consist of a program director and an associate/assistant program director.

Overseeing plastic surgery residency programs requires oversight of the clinical, educational, and administrative aspects of the program. The Review Committee feels that the addition of an associate/assistant program director should provide residents with additional clinical and educational resources and augment the work of the program director.

Thoracic Surgery – Integrated*

Proposed

II.A.2. The program director and, as applicable, the program’s leadership team, must be provided with support adequate for administration of the program based upon its size and configuration. (Core)

II.A.2.a) At a minimum, the program director must be provided with the dedicated time and support specified below for administration of the program: (Core)

Number of Approved Resident Positions	Minimum FTE Support Required for the Program Director
1-6	.20
7-10	.35
11-15	.40
16-20	.45
21-25	.50

II.A.2.b) Program directors who oversee both an independent and an integrated thoracic surgery program must be provided support for administration of the programs based on the total number of approved positions across both programs. (Core)

II.A.2.c) Program directors who oversee both an independent and an integrated thoracic surgery program which, combined, have 10 or more residents/fellows must appoint an associate (or assistant) program director. (Core)

II.A.2.d) The associate (assistant) program director must be provided with support equal to a dedicated minimum of 10 percent FTE for administration of the program. (Core)

Specialty-Specific Background and Intent: The Review Committee recognizes that many institutions have both an independent and integrated thoracic surgery program and share one program director. The Review Committee will allow programs with the same program director across both formats to count the total number of residents/fellows in both programs to determine required dedicated time for administration of the programs. However, this time is comprehensive and not additive, so an Institution that has a total of 20 residents/fellows across both the independent and integrated programs would require 45 percent FTE for the program director and 10 percent FTE for an assistant/associate program director, for a total required leadership FTE of 55 percent.

Overseeing thoracic surgery residency programs requires oversight of the clinical, educational, and administrative aspects of the program. The Review Committee feels that the addition of an associate/assistant program director once a program director oversees more than 10 residents/fellows should provide residents/fellows with additional clinical and educational resources and augment the work of the program director.

Thoracic Surgery –
Independent*
Proposed

II.A.2. The program director and, as applicable, the programs leadership team, must be provided with support adequate for administration of the program based upon its size and configuration. (Core)

Sleep Medicine*
 (Subspecialty of Child
 Neurology, Internal
 Medicine, Neurology,
 Pediatrics, or Psychiatry)
Proposed

II.A.2. The program director and, as applicable, the program’s leadership team, must be provided with support adequate for administration of the program based upon its size and configuration. ^(Core)

II.A.2.a) At a minimum, the program director must be provided with the dedicated time and support specified below for administration of the program: ^(Core)

Number of Approved Fellow Positions	Minimum Support Required (FTE)
<7	.2
7-9	.25
10-12	.3
>12	.35

II.A.2.b) Programs must appoint at least one of the subspecialty-certified core faculty members to be associate program director(s). The associate program director(s) must be provided with support equal to a dedicated minimum time for administration of the program as follows: ^(Core)

Number of Approved Fellow Positions	Minimum Support Required (FTE)
<7	0
7-9	.13
10-12	.14
>12	.15

Specialty-Specific Background and Intent: For instance, a program with an approved complement of eight fellows must have at least 25 percent FTE support for the program director and at least 13 percent FTE support for the associate program director (s). Although the associate program director (s) will also be core faculty members, the required FTE support is not cumulative. The associate program director must receive either support for the associate program director position or the 10 percent FTE for the core faculty member position, but not both. For example, if one core faculty member is named the associate program director for an eight-fellow program, the support for that position must be at least 13 percent FTE. Further, the Review Committee allows the minimum required FTE support to be shared among multiple associate program director s, as delegated by and at the discretion of the program director.
