CO-DIRECTORS:

Dear Colleagues:

With so many medical meetings coming your way in 2017, why add another one to your schedule? Great question! We've got the answer.

Many Hanbery members say that the Annual Meeting is one of the most enjoyable meetings that they attend. The meeting is not your typical formal medical meeting. Instead, it provides **a highly interactive, relaxed and engaging program**, and a great sense of **camaraderie among colleagues, family and friends**.

As a **special feature this year** for our more recent graduates, we will be including oral board review and life after training discussion sessions.

This year's meeting will be in the **exquisite and refreshing** setting of the St. Regis, Deer Valley. The hotel is ideal for a summer retreat, offering stunning mountain views, numerous summer activities, outstanding restaurants, and an award-winning spa. The location is also conveniently close to the Salt Lake City airport and multiple direct flights across the country.

Whether or not you've attended the meeting before, please review this brochure and plan on attending this year. You'll be glad you did!

Best regards,

CO-DIRECTORS
