Department Faculty Meeting Cadence and Topics

- Vaccine Governance
- Finance stabilization and mitigation
- Plans and strategies looking forward
  - Ambulatory Transformation Team (ATT)
  - Recover, Restore and Re-Open Team (R3)
  - School of Medicine Task Force on Future Flexible Work
- Scientific developments and lessons learned
- New clinical research and trials underway
- **Wellness**
- Research continuity
- Advocacy updates
- **Education updates**
  - Academic Affairs and HR
- **Space**
  - Impact of COVID on patient safety and quality of care
3 Day Virtual Event

Day 1  MONDAY, APRIL 19
Michelle Monje-Deisseroth, MD, PhD
Faculty - Keynote
Jessica Klein, PhD
Postdoctoral Scholar
Dipankan Bhattacharya, MD, PhD
Resident
Alma-Martina Cepika, MD, PhD
Instructor
Pablo Domizi, PhD
Postdoctoral Scholar
Yuntao Xia, PhD
Postdoctoral Scholar

Day 2  WEDNESDAY, APRIL 21
Tanja Gruber, MD
Faculty
Danny Chou, PhD
Faculty
Katherine Travis, PhD
Faculty
Dessi Zaharieva, PhD
Postdoctoral Scholar
Lance Nelson, MD
Fellow
Ayelet Rosenthal, MD
Fellow
Ashley Jowell
Medical Student
Julia Raney, MD
Resident

Day 3  THURSDAY, APRIL 22
Jason Yeatman, PhD
Faculty
Lance Prince, MD
Faculty
Charles Gawad, MD
Faculty
Esmond Lee
Graduate Student
Fangfei Qu, PhD
Postdoctoral Scholar
Debopam Ghosh, PhD
Postdoctoral Scholar
Alison Vander Roest, PhD
Postdoctoral Scholar
Wui Ip, MD
Fellow

Accomplishments

- Secured the Developmental Assessment of Young Children Second Edition (Winter 2021)
- LGBTQ+ program, FCU of Sarvo Valley (Winter 2020)
- TikTok Statuses (Fall 2020)
- Dora McDonald’s Ice Cream Drive (Fall 2020)
- Dora’s National Ingestive Lining and Action Planning Session (Summer 2021)
- City of Palo Alto Utilities Project PLEDGE (Summer 2023)
- Family and Children Services of Sarvo Valley (Winter 2019)
- Second Harvest Food Drive (Fall 2019)

Current Activities

- GI Advocacy Manuscript
- Healthy Diet Initiative
- Updating/Sharing Patient Advocacy Materials
- Diversity, Equity, and Inclusion Statements
Join in the fun!

Hello Child Advocates,

Advocacy Updates Below.

1. **CALL TO ACTION: Urge CA School Reopening Guidelines to Reflect Research and Data**

   Although California recently passed Assembly Bill 86 incentivizing school districts to reopen for young students, many districts are reluctant to return to in-person schooling. Physician and public health advocates are calling upon Governor Gavin Newsom and Dr. Mark Ghaly, California’s Secretary of Health and Human Services, to update school reopening guidelines to reflect the latest science by April 1. **To support this initiative – sign the petition by Friday.** Reminder: Sign as an individual (i.e., use personal, non-Stanford emails) as the hospital has not taken a formal position.

2. **CALL TO ACTION: Support Universal School Meals**

   It was recently reported that **30% of California households with children are food insecure**, with large disparities in Black and Latinx households. Join the Second Harvest Food Bank in supporting **SB 364 (Skinner et. al.)** – the End Child Hunger Act of 2021 to end childhood hunger in CA and:
   1. Establish the California Universal School Meal Program that would make breakfast and lunch free to all children; and,
   2. Establish the Better Out of School Time (BOOST) Nutrition Program to prevent child hunger during school breaks or campus closures.

   To support, view the attached template to **submit a letter of support** to the two Senate policy committees (Education, and Human Services) where the bill is headed. **Reminder: Email as an individual (i.e., use personal, non-Stanford emails) as the hospital has not taken a formal position.**

3. **RESOURCE: “NEW” Rent Relief for Landlords and Tenants**

   The CA COVID-19 Rent Relief program has officially launched! Eligibility information and applications can be found at [HousingsIsKey.com](http://HousingsIsKey.com) or by calling 833-430-2122. Renters and landlords who have experienced a financial hardship due to COVID-19, have past due rent or utilities, and have a household income that is not more than 80% of the Area Median Income (AMI), may be eligible to receive financial assistance. See attached flyers for more details.

4. **RESOURCE: Filing Taxes**

   Many low-income families are eligible for state and federal **earned income tax credit**. With stimulus checks issued through the IRS, it is especially imperative for families to file taxes this year. Ensure families are able to receive their stimulus checks and connect them to free filing services at [https://uwba.org/tax-help/map](https://uwba.org/tax-help/map) or by sharing these outreach flyers.

Scrubs Addressing the Firearm Epidemic

THE MERCURY NEWS

STANFORD DOCTORS LEAD NATIONAL EFFORT TO STOP GUN VIOLENCE: DOCTORS AND NURSES DEMAND MORE RESEARCH AND TRAINING TO REDUCE DEATH FROM FIREARMS

CNN HEALTH

WHY YOUR DOCTOR WANTS TO TALK ABOUT GUNS

New York (CNN) Your doctor already talks to you about sex, drugs and alcohol, but should they talk to you about guns, too? A newly-formed coalition of healthcare providers thinks so — and patient intervention is just one part of their plan to reduce what they call an "epidemic" of gun violence.
