12	Noon Conference	Noon Conference	Noon Conference	Noon Conference	Noon Conference
1:05	<b>Nursery</b>	<b>Nursery</b>	<b>Nursery</b>	<b>Nursery</b>	Friday Teaching Block

**Goals:**

The Newborn Nursery experience provides an introduction to normal newborn care, including identification and management of common problems in the transition to extrauterine life:

- Initiation of breastfeeding
- Newborn jaundice
- Prenatal screening
- Common newborn physical findings: rashes, birthmarks, reflexes

**Articles to read:**

- A Comprehensive Newborn Examination: Part I. General, Head and Neck, Cardiopulmonary' **AND**
- A Comprehensive Newborn Examination: Part II. Skin, Trunk, Extremities, Neurologic', both by M.L. Lewis, 2014. *American Family Physician*; 90(5).
- Care of the Well Newborn', J. B. Warren and C. A. Phillipi, 2012. *Pediatrics in Review*. 33(1).
- Hyperbilirubinemia in the Newborn', B. J. Lauer and N. D. Spector, 2011. *Pediatrics in Review*. 32(8).
- The Pediatrician's Role in Encouraging Exclusive Breastfeeding, M. Bunik, *Pediatrics in Review*. 38(8).

**Student roles and responsibilities**

Students will see new and follow up patients on their own and present to an attending physician. No patients will be assigned on the first morning of the rotation.

**Skills checklist – See BINGO Card -below**
