

**Pediatric Residency Training Program
Lucile Packard Children's Hospital
Stanford University School of Medicine
GME Request for Away Rotation
Competency Based Goals and Objectives**

Resident Name: _____

Rotation Dates: _____

Elective Site: _____

Patient Care:

(Example: I will be directly involved in patient care at the above teaching hospital facility, I will be actively involved in patient care and decision making processes along with local physicians for the pediatric population.)

Medical Knowledge:

(Example: I will have the unique opportunity of gaining medical knowledge not only about general pediatric disease and illness but also infectious diseases endemic to the local population otherwise not seen on a regular basis at LPCH.)

Practice-Based Learning:

(Example: I will be supervised by local physicians who will help enrich my experience and also help me find opportunities to spend some of my time in more rural/clinic settings aside from the main teaching hospital.)

Interpersonal and Communication Skills:

(Example: I will have the unique opportunity of being able to interact with people of a different cultural background and of different views in a medical setting.)

Professionalism:

(Example: My main objective is to be able to provide medical care in a compassionate and ethically responsible manner while I gain practical knowledge and experience working with the underserved community of Ghana. This experience will enhance my future potential as a healthcare provider and advocate both for the international community and underserved communities in the U.S.)
