

2020-2021

GRANT WRITING CLUB

Grant Writing Club is designed for first-year fellows. This club teaches the fundamentals of grant writing, including learning about all of the components of the grant submission, with a particular eye towards the Maternal & Child Health Research Institute (MCHRI). The club culminates with participants submitting a completed MCHRI grant in February. Additionally, postdocs are welcome to participate in preparation for submitting a grant in March.
