

Child and Adolescent Psychologist – Nephrology

The Division of Child and Adolescent Psychiatry at Stanford University is seeking a Pediatric Psychologist for a full-time faculty position in the Clinician Educator line to provide clinical care and teaching. The chosen candidate will serve as an attending psychologist providing initial evaluations, pre-transplant evaluations, consultation, and evidence-based treatment, including individual and family therapy. The primary assignment will be in the **Pediatric Nephrology** program with a particular focus on Dialysis and Kidney Transplant. Activities related to program development of innovative approaches to mental health care within the Nephrology service are highly encouraged. Secondary assignment to a pediatric specialty clinic is available. The chosen candidate will engage in supervision and teaching with postdoctoral psychology and psychiatry fellows and psychology graduate students. Stanford Medicine Children’s Health provides exposure to a wide range of scholarly and community outreach activities including campus-wide research and clinical working groups, as well as parent education and support activities.

Eligibility criteria for this position include a doctoral degree from an APA-accredited graduate program in clinical or counseling psychology, APA-accredited clinical psychology internship, at least one year of post-doctoral clinical training in child and adolescent psychology, and licensure or license-eligibility as a psychologist in the state of California. Applicants should have experience working in the field of pediatric psychology providing evaluations and evidence-based treatment to children and adolescents with medical illnesses.

Rank and salary will be commensurate with experience, and ranges from \$140,000-\$270,000. This position commands a competitive salary enhanced by an attractive benefits package, including but not limited to competitive compensation including home purchase programs, bonus programs, and vacation time, as well as comprehensive benefits include health/dental/vision, paid malpractice, and 403(b) plans.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University’s research, teaching, and clinical missions.

Interested candidates should send a cover letter and current curriculum vitae via e-mail to:
