

**Co-director of National Center for
Mental Health Dissemination, Implementation, and Sustainment**

Applications are invited for a full-time (100%) role as Co-Director of the National Center for Mental Health Dissemination, Implementation, and Sustainment (MHDIS) in the Center for Dissemination and Implementation based in the Department of Psychiatry and Behavioral Sciences at Stanford University. MHDIS is a 5-year project funded by the Substance Abuse and Mental Health Services Administration in the Department of Health and Human Services and is focused on developing accessible implementation science-based resources and providing high-impact implementation support to build the capacity of mental health providers to implement and sustain evidence-based interventions. The [Center for Dissemination and Implementation \(CDI\)](#) is a national leader in using methods from implementation science to solve problems in health care access and quality.

The selected candidate will be appointed as a Clinical Assistant Professor, depending on experience and expertise, for 2-year appointment renewable terms. This is a superb clinical research and administrative leadership position that provides an excellent opportunity to engage in meaningful, high-impact work and to develop a portfolio of implementation science research within a collaborative and productive team. The role also includes mentoring and educating trainees from Stanford and beyond. *Candidates are sought for an immediate start.*

The successful candidate will have a doctoral degree in clinical or counseling psychology or a related field, expertise in implementation research methods, and an early track record of productivity and promise in partnering with health care organizations and generating translatable knowledge through rigorous research. Demonstrated productivity via scientific publications and national conference presentations is desirable.

Rank and salary will be commensurate with experience, and ranges from \$145,000-\$165,000, for appointment as Clinical Assistant Professor.

This position commands a competitive salary enhanced by an attractive benefits package, including, but not limited to, generous housing assistance and home purchase programs, bonus programs, paid vacation time, paid personal time, as well as health/dental/vision benefits, paid malpractice, and 403(b) plans.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford also welcomes applications from others who would bring additional dimensions to the University's research, teaching, and clinical missions.

Interested candidates should send a cover letter and current curriculum vitae via e-mail to:
