WellConnect, Doctor Wellness Specialist
Clinical Assistant Professor, Clinical Associate Professor or Clinical Professor
Department of Psychiatry and Behavioral Sciences
Stanford University School of Medicine

The Department of Psychiatry and Behavioral Sciences at Stanford University School of Medicine is seeking a full-time faculty member in the Clinician Educator Line to engage in clinical and teaching contributions that include specific commitment to support well-being of medical trainees and faculty in the school of medicine. This position is open to both psychiatrists and doctoral-level psychologists. Within this role, the psychiatrist or psychologist will work within the WellConnect program to provide clinical mental health care, as well as provide professional coaching for occupational burnout to medical trainees (residents and fellows), and all benefits eligible faculty in the School of Medicine. Part, but not all, of the programmatic service entails carrying a pager during office hours 1-2 days per week to respond to inquiries from clinicians seeking care.

https://med.stanford.edu/psychiatry/special-initiatives/wellconnect.html

WellConnect faculty work with departmental and School of Medicine communication channels to increase awareness of WellConnect services, and provide occasional presentations to promote wellbeing. Although not a requirement, a qualified candidate will also have the opportunity to collaborate in research focused on physician wellness at Stanford.

Rank will be commensurate with experience and expertise.

Psychiatrist applicants must have a medical degree or equivalent degree, completed training in General Psychiatry, be board-certified or board-eligible in General Psychiatry, and possess or be fully eligible for a California medical license. Psychologist applicants must have a Ph.D. or Psy.D. from an APA-accredited clinical psychology program, a completed APA-accredited internship, and current California licensure or eligibility for licensure.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford welcomes applications from all who would bring additional dimensions to the University’s research, teaching and clinical missions.

Interested candidates should send a cover letter, current curriculum vitae, and three letters of reference via email to:
