

Clinical Assistant Professor, Clinical Associate Professor, or Clinical Professor
Division of Child and Adolescent Psychiatry and Child Development
Department of Psychiatry and Behavioral Sciences

Eating Disorder Program
Stanford University School of Medicine

The Department of Psychiatry and Behavioral Sciences at the Stanford University School of Medicine is seeking a full-time physician faculty member in the Clinical Educator Line to provide teaching and supervision of pre-doctoral psychology interns, postdoctoral psychology fellows, and child psychiatry fellows and to provide clinical care for children, adolescents, and young adults with eating disorders in inpatient and outpatient settings.

Rank will be commensurate with experience and expertise.

Physician applicants must have a medical degree or equivalent degree, completed training in General Psychiatry, be board-certified or board-eligible in General Psychiatry and board-certified or board-eligible in Geriatric Psychiatry, and possess or be fully eligible for a California medical license.

Stanford is an equal employment opportunity and affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, protected veteran status, or any other characteristic protected by law. Stanford welcomes applications from all who would bring additional dimensions to the University's research, teaching and clinical missions.

Applications are being reviewed on a rolling basis until the position is filled. Interested candidates should send a cover letter, current curriculum vitae, and three letters of reference via email to:

Laura Roberts, M.D., M.A.
