

## Testimonials from previous S-SPIRE Mixed Methods Workshop participants

**“The 3-day Stanford S-SPIRE Mixed Methods workshop has revolutionized my approach to mixed methods research, based on the close expert mentorship, interactive group sessions, and the hands-on nature of the course.”**

*~ Barnabas Alayande, MBBS ~  
University of Global Health Equity,  
Rwanda, Africa*

**“I got so much more done during this 2.5 days at this workshop than I would have on my own—it was thought provoking, enjoyable, efficient, and super productive!”**

*~ Erin Blakeney, PhD, RN ~  
University of Washington, United States*

**“The content of the workshop was incredibly useful, and I was impressed by the level of expertise demonstrated by the faculty. They conveyed complex concepts in a way that was easy to understand and apply...Overall, I feel much more confident.”**

*~ Charlotte Lee, PhD, Rn ~  
Toronto Metropolitan University,  
Ontario, Canada*

## Designing Your Mixed Methods Research Project *An Interactive Workshop*

**April 25 - April 27, 2024  
Stanford University  
Palo Alto, CA**

# WORKSHOP FACULTY

## WORKSHOP DIRECTOR

**Arden M. Morris, MD, MPH**  
Professor of Surgery,  
Director, Stanford-Surgery Policy Improvement  
Research and Education (S-SPIRE) Center  
Stanford University

## KEYNOTE SPEAKER

**Daphne C. Watkins, PhD**  
Professor of Social Work and a University Diversity  
and Social Transformation Professor  
Director, Vivian A. and James L. Curtis Center  
University of Michigan

## FACULTY INSTRUCTORS

**Alex Sox-Harris, PhD**  
Professor of Surgery,  
Stanford University

**Angela White, PhD, MS**  
Assistant Dean of Student Success,  
College of Science and Technology  
North Carolina Agricultural &  
Technical State University

**Ann Vitous, MA, MPH**  
Lead Qualitative Research Analyst  
QUERI Center for Evaluation and Implementation  
Resources (CEIR)  
VA Ann Arbor Healthcare System

**Daniela Wittmann, PhD, LMSW**  
Associate Professor of Urology,  
University of Michigan

**Jane Forman, ScD, MHS**  
Senior Methodologist, Qualitative and Mixed  
Methods Core, Center for Clinical Management  
University of Michigan

**Lindsey Zimmerman, PhD**  
Clinical and Community Psychologist,  
Implementation Scientist,  
National Center for PTSD,  
Veterans Affairs Administration

**Melissa DeJonckheere, PhD**  
Assistant Professor of Family Medicine,  
University of Michigan

**Shipra Arya, MD, SM**  
Associate Professor of Surgery,  
Stanford University

**Stephen Henry, MD, MSc**  
Associate Professor of General Medicine  
UC Davis Medical Center

**Timothy Guetterman, PhD**  
Assistant Professor of Family Medicine,  
University of Michigan

## WORKSHOP HIGHLIGHTS

In this 3-day interactive workshop, the Stanford-Surgery Policy Improvement Research & Education (S-SPIRE) Center has assembled an interdisciplinary team of mixed methods experts. We will help you design and analyze a mixed methods research project or create a proposal, using qualitative and quantitative methods. Participants will complete the workshop with a personalized design and implementation plan for their projects.

### Who Should Attend:

Researchers, faculty, staff and students motivated to design a mixed methods research project using both qualitative and quantitative methods.

### What to Expect:

- Work on your mixed methods proposal, research study, or manuscript.
- Refine your project with guidance from leading methodologists.
- Improve your project with rigorous methodology using a participatory format.
- Build your Mixed Methods Research presentation skills.

### Requirements for Enrollment:

Participants who will benefit the most from this workshop will be actively designing, conducting, revising, or analyzing a mixed methods project.

## REGISTRATION

**IMPORTANT:** The safety and well-being of our attendees, faculty, and staff continues to be our primary concern. We will follow local, state, and federal health agency guidelines for any in-person meeting and will continue to monitor trends and restrictions regarding COVID-19. Our faculty and staff will be prepared to pivot to a virtual format if necessary.

### REGISTRATION FEE:

Faculty ..... \$1,200  
\*Trainees ..... \$850

\*Trainees include Residents, Fellows, Research Staff, and Students.

Fees cover attendance at the 3-day interactive workshop, consultation with experts in the field, workshop materials, and a textbook. A light breakfast will be provided on all 3 days. Lunch will be provided on day 1 and day 2.

### REGISTRATION OPENS IN OCTOBER LIMITED ENROLLMENT
