SBSA/BioAIMS Activities and Resource Fair

Tentative date: October 4 (afternoon before lab coat ceremony?)

Rationale:

- GOALIE inevitably conflicts with something (lab retreat, camping trip, etc.)
- Many med-related groups not represented at GOALIE

Email sent out looking for student organizations that have Biosciences members or are looking to recruit Biosciences students

Good way to get those first years looking for NSF broader aims...

Open discussion

- COWFARM needs a new person to run it! Contact Glade Dlott
- BioAIMS
 - Proposal for mentorship between postdocs and grad students - contact Amy Fan if you're interested in helping set that up
 - Piloting diversity faculty seminar series - invite faculty from outside of Stanford
