Recruitment Feedback

[Check in](#)

We want to get an idea of your opinions regarding this year's recruitment organizing efforts. While the decision of the format and timing of interviews and recruitment programming is made by faculty representatives of each home program at CGAP, SBSA and BioAIMS leadership are members of this committee. Thus, we want to know your thoughts on this important student issue in order to best represent the student population in this meeting.

If you are comfortable and willing to be followed-up on regarding your answers, you can also optionally leave your contact information at the end.
