DAVINCI by Intuitive™
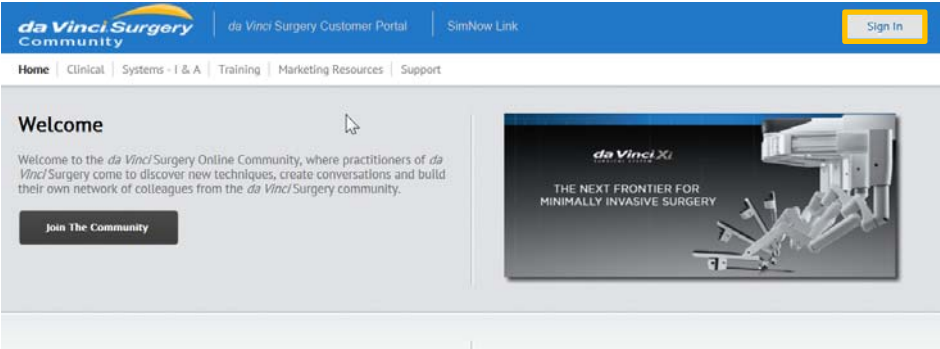

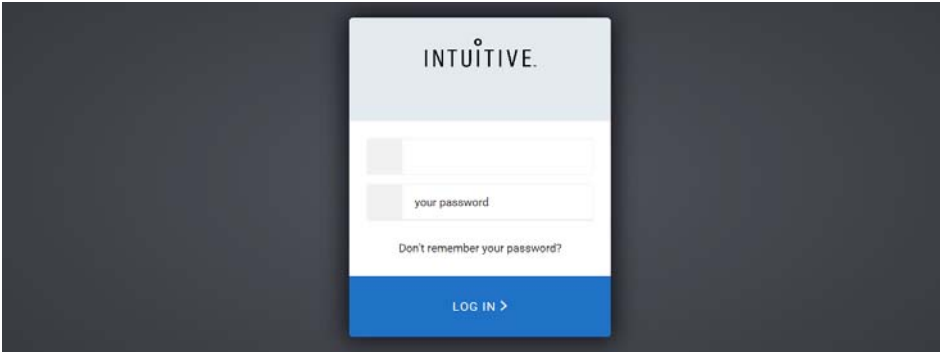

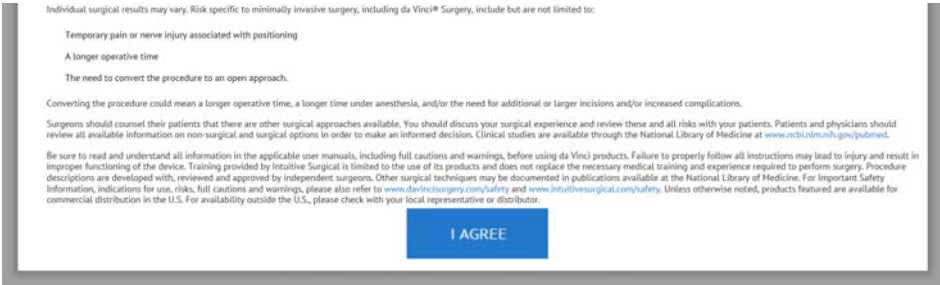

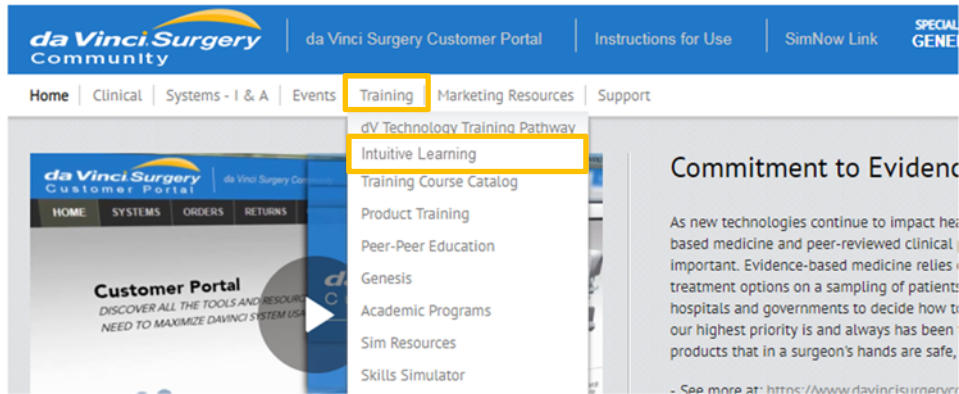

Intuitive Learning

Intuitive Learning enables you to engage and track your learning through the da Vinci Technology Training Pathway (TTP). Use the following steps to access Intuitive Learning to find and enroll in Learning Plans that combine online training, in-service documents, and assessments to teach you all about da Vinci systems, instruments, and accessories; and download your training certificates when you have completed a Learning Plan. If you have any questions, please contact the Education team at education@intusurg.com.

Log in via the Da Vinci® Surgery Community

| Step	Screen
1. **Sign in** at www.davincisurgerycommunity.com. ->Click on "Join The Community" to create a user name and login. Then go back to Home and click "Sign In" in upper right hand corner.	
2. **Log in** with your login (or email address) and password.	
3. Consider the Important Safety Information and select **I Agree**. (If you have already signed in previously you may not see this message)	

Quick Reference Guide

4. Hover over **Training** in the top menu and select **Intuitive Learning.**

5. **Confirm** your previous login information.

   (You may not see this screen. Skip to the section below.)

6. Select your **Country** and **Language** to be displayed on the website content.

   (You may not see this screen if you have already signed in before. Skip to section below.)

7. **Select** and **confirm** the system platform and software version available at your hospital.

   ->SELECT da Vinci Xi from menu
   ->SELECT P8 from menu
   ->Click "Confirm"

Quick Reference Guide

Locate Learning Plans and Enroll

Step	Screen
8. Scroll down to gray box titled "Learning Plans for daVinci Xi P8" -> SELECT "ENROLL" for Xi Multi-Port for Residents/Fellows (P8) -> Module will automatically launch (see Step 9 screen shot below)	

Complete a Course

Step	Screen
9. Launch/Start the Online Module -> Click "Start" to launch (Enrolled in Online Modules can also be accessed anytime from the **My Learning** page link at top of screen at any time. If you don't see "My Learning" at top, expand your browser window to full screen)

Step 2
Online Assessment

**Xi Online Assessment for Surgeons, Residents, and Fellows**

Complete the online assessment with a passing score of 80% or higher to receive an Online Training certificate. Note this is a mandatory requirement which must be completed prior to attending Technical Training. The questions in this assessment are based on the information covered in your in-service. To prepare, you may want to review the In-Service PDF document as well as optional video training.

DAVINCI | Xi™ Surgical System

da Vinci Xi **System Overview**
Assessment for Surgeons
SOFTWARE VERSION: P8

Welcome to the online training assessment for the *da Vinci Xi* System Overview.

Before taking this assessment, you should have completed the System Overview In-Service, as well as the recommended online training on the *da Vinci* Online Community.
