

QI: Chief Residents' 2014 Quality Improvement Project

February, 2014

STANFORD
SCHOOL OF MEDICINE

Stanford University Medical Center

Project Description

- All fellows and residents to document their required QI project in the MedHub Learning Portfolio – Category: ‘Quality Improvement Project’
 - Complete by **May 1st**
 - Receive **1% Salary bonus** with **80% participation**

QI Project Benefits:

- Residents and fellows will have easy access to their documentation and can incorporate in their CVs
- Documenting takes just a few minutes
- SHC can share all Fellow/Resident QI projects across the institution and will be able to set up chat/lines/websites so residents and fellows will be able see what their colleagues are working on to improve quality and safety
- Increases trainee awareness and understanding of QI at SHC and LPCH

How to log QI Projects in MedHub

1. On MedHub Home page click on the Portfolio tab:

2. Choose “Quality Improvement Project” from the menu then Click on “New Portfolio Entry”
